REFLECTIONS

Bubbles Add A Nice Touch

Remember your childhood? Remember when your eyes would shine with wonder and awe when you saw bubbles and the beautiful colors reflected in them?

The theme of the 1986 *Spectator* is reflections. We chose bubbles to represent our theme because no matter how old we are bubbles always fill our hearts with joy and happiness. Everyone loves to look at beautiful bubbles and the rainbows reflected in them by the sun.

The yearbook staff planned to bring bubbles and wands to school and blow bubbles for a few pictures. We went outside and had a great time blowing bubbles. The wind added a nice touch by blowing the bubbles all around the staff. Pictured above are Mike Camut, Stephanie Owens, Pam Petak, Michele Wise, Dave Brazill, Dave Orosz, Stephanie Fabina, Sue Goggin, Paula Tkac, Shelie Horner, Robin Crawley, Lynn Repko, Michele Sivi, Teri Ozog, Antoinette Raich, Ann Delborgo, Sandy Adkins, Clarissa Berzinsky, and Miss Robinson.

Our yearbook reflects the good times, hard work, and disappointments everyone shared at Johnstown High School. Years after we graduate, we will look back on this yearbook and remember many of the joyful times we were able to capture on film.

Take A Look At Some Familiar Faces.

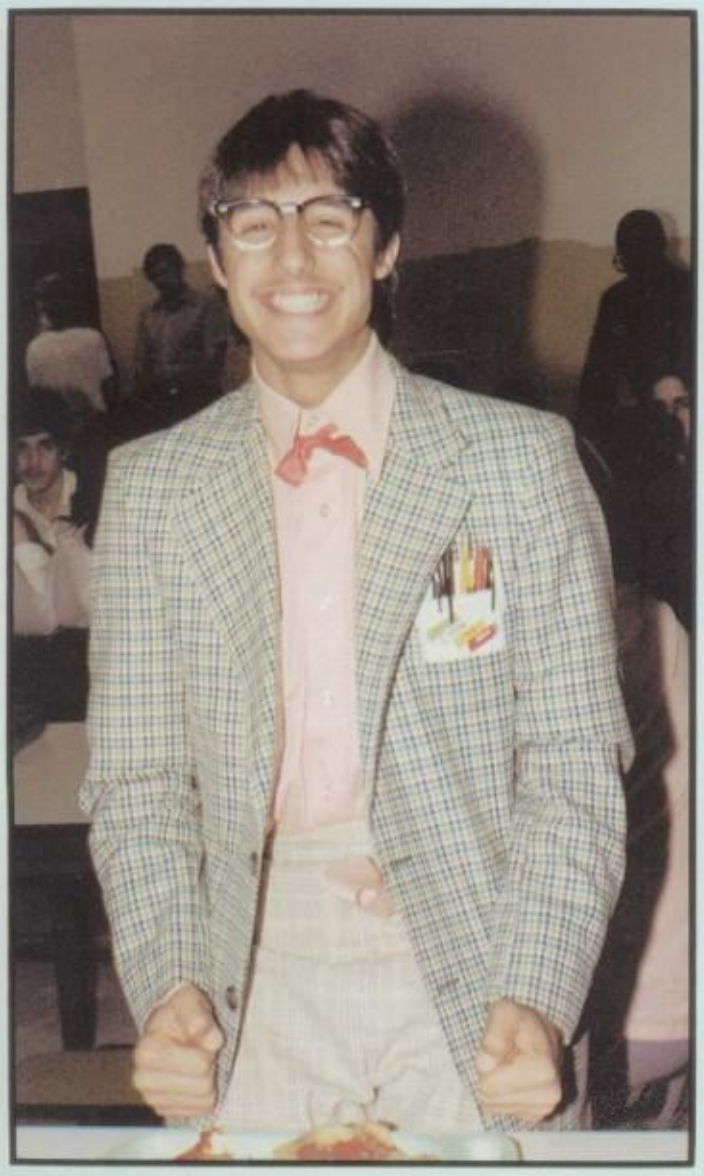
These Spirited Students Prove That School Doesn't Have To Be All Work And No Play.

Here at Johnstown High School we think that school spirit is just as important as studying. We like to have fun when we can. For homecoming week, Student Council sponsored various spirit days such as hat and button day, sports day, nerd day, Hawaiian day, and blue and black day. Seniors, juniors, sophomores, and freshmen had a terrific time dressing up everyday. Everyone that participated enjoyed wearing the outlandish outfits.

The spirit of Johnstown High School does not end with homecoming week. We try to make everyday fun and enjoyable. Everyday was a spirit day as long as we had fun, good times, and friends.

The pictures on the following pages reflect the good times we had here. Although the 1985/86 school year slipped by much too quickly for us to capture each happy memory on film, these pictures include many of them.

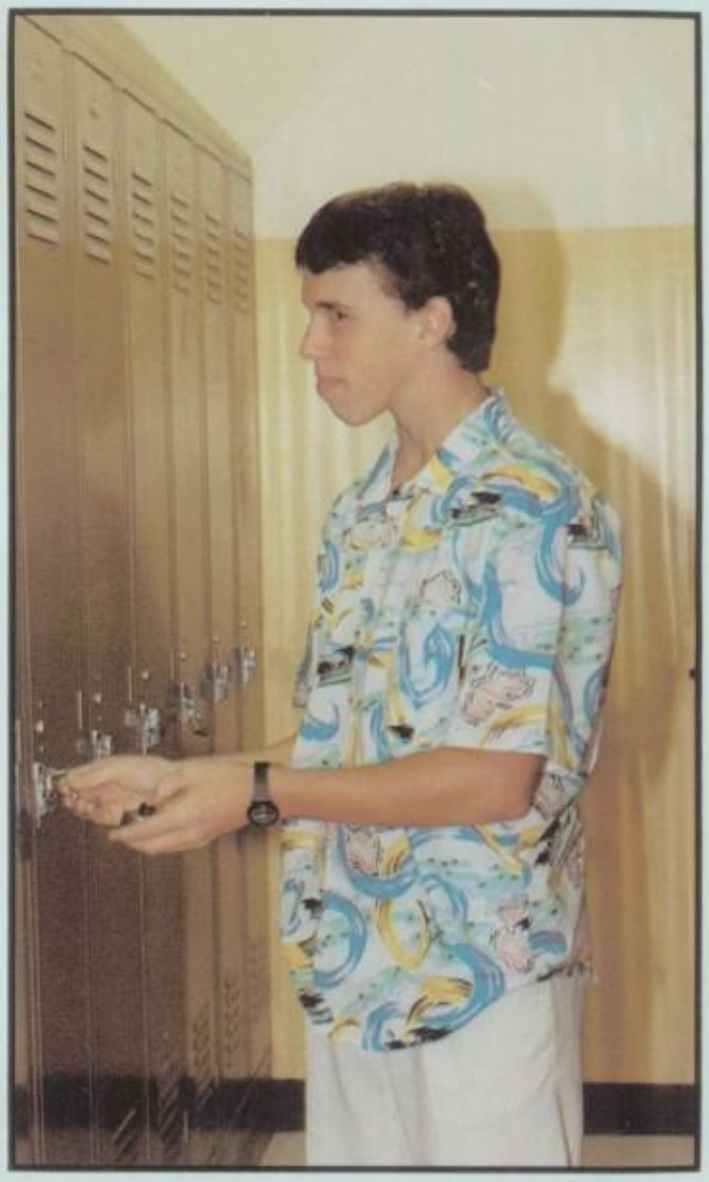
Michele Mekis, Ron Alwine, and Connie Fyock- nerds of a feather flock together!



Greg Meagher shows his spirit during homecoming week on nerd day.

Dave Bonner, showing off his dress pants and tennis shoes.

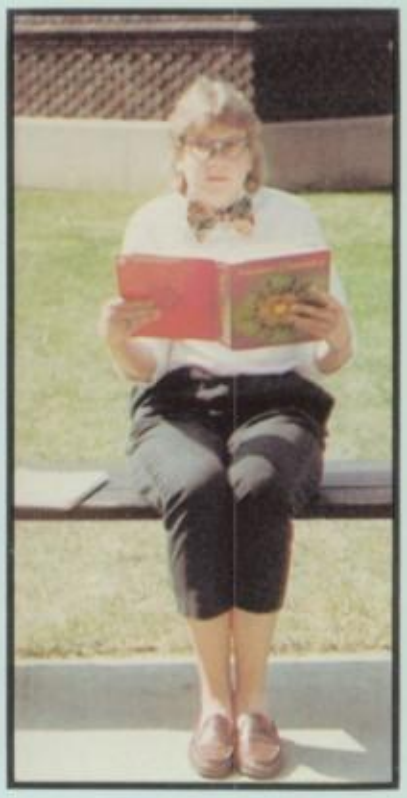
Sandy Palmer takes a minute to look up from her typing, and is suprised by the camera.



Take a closer look at Dave Orosz's lock. Is it defective, or is he?

On her way out the door, Lori Miller takes the time to pose for a picture.

Tom Walter and Dave Dabbs show off straw hats for hat and button day.

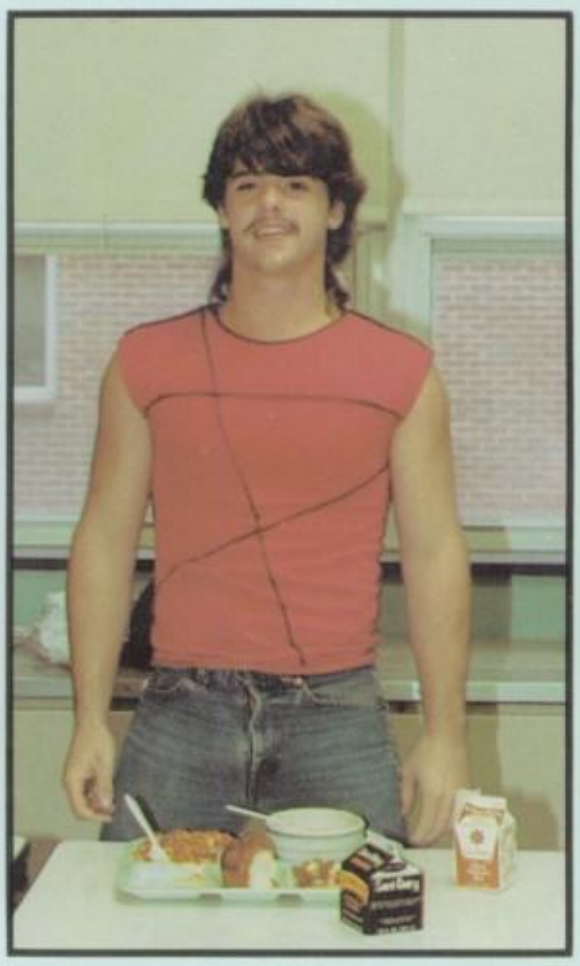


Only on nerd day, Dona Flynn just can't stop studying.

Liz McLaughlin and Phyllis Demo show their team spirit for sports day.

Sue Goggin, Mike Camut, Stephanie Fabino, and Paula Tkac prove that yearbook isn't that bad.

Marcy McCreary and Keith Inks, arm in arm, have become a familiar sight here at J.H.S.



Above: Kelly Dunn seems to have forgotten her combination. Left: John Hoffman tries to keep his mouth as far away from the cafeteria food as possible.

Here Are A Few More Familiar Faces.

We Made The Best Out Of Ordinary School Days.

We all had a great time during spirit week, but eventually we had to return to the regular schedule. It may be a little more difficult to make ordinary school days as fun and exciting as spirit days, but this year we certainly tried.

The cafeteria seemed to stir up a lot of excitement, so many of the candids were taken there. Lunch seemed to be the best time of day for everyone.

As well as staying physically fit, everyone had a good time in the gym. Anyone spending time with friends, playing games, and enjoyable sports, couldn't help but have fun.

Although no one was wearing a costume or hat, everyone was wearing a smile.

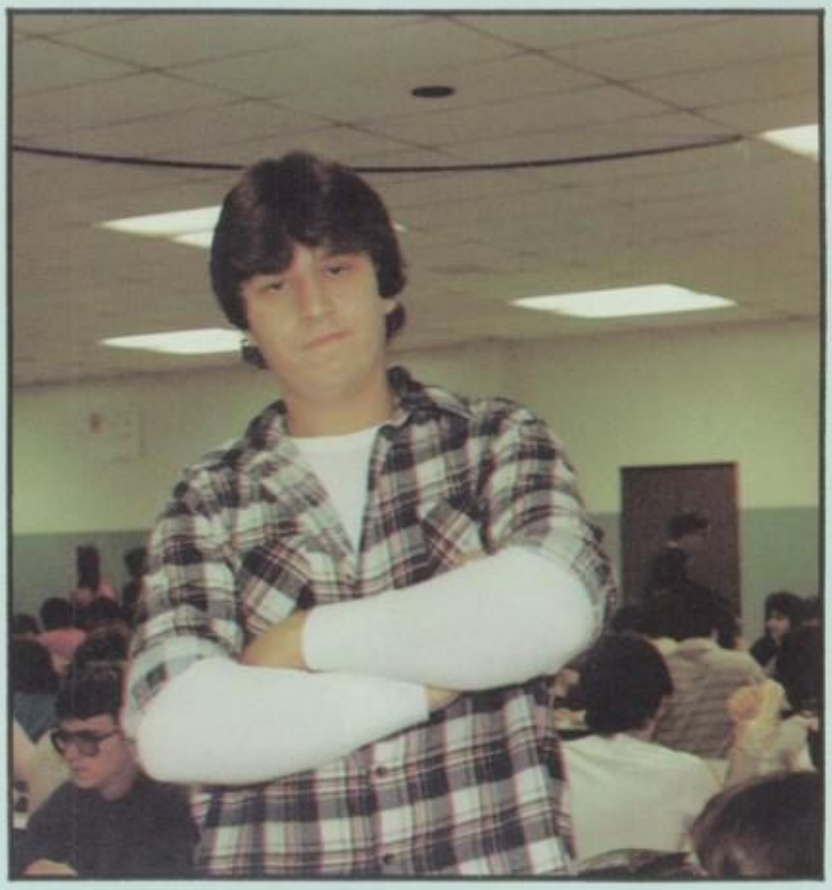
Stacy White, Maria Chirillo, Lee Ed, Erleen Box, and Kate Adams "ham it up" in gym class.

Above: Deana Filia proves that she'll always be there when Stephanie Owens needs a friend to lean on. Right: Denise Fleming, Kelly Dunn, Dona Flynn, Tracy Mignot, Barb Sojak, and Connie Fyock clown around at lunch time.

Barb Selders stands in Mr. G.'s handsomely decorated office.

Dawn Geisel and Denise Shaffer take a moment to pose for a picture.

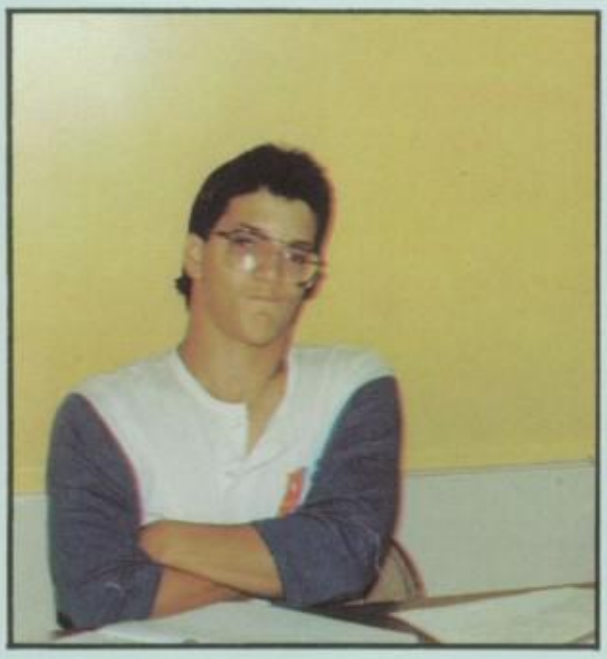
Karen Kinsey, Missy Jones, Christi McCune, and Jeanette Langham don't seem to have enough room for food with all those piles of books on their table.



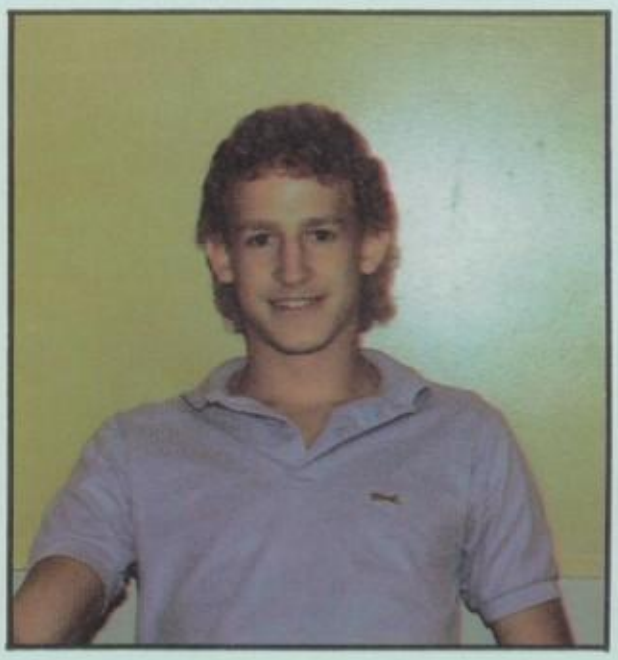
Dennis Barnes stands for a quick picture.

As usual, Michele Wise, Rhonda Raymond, and Michele Nosko find the cafeteria food amusing.

Steve Johncola would make a lovely secretary, wouldn't he?



As he waits to register a few voters, Dave Mastovich poses for a picture.



John Dudash is happy to have a moment to relax.

Brian Jedrzejek is busy working.

Happy Halloween!

Halloween Was Not Just Another Ordinary Day At J.H.S.

On October 31, 1985 students dressed up for Halloween. Hippies, bunnies, ghosts, and monsters could be found haunting the halls of Johnstown High School. The variety of costumes showed the creativity of each individual. Every different personality was represented by the colorful outfits.

Although no one heard chains rattling, we all heard plenty of laughter. The faculty as well as the students had a terrific day. By dressing up and having a good time, everyone was more alert, which made the teachers very happy. More smiles were found on our faces due to the bizarre apparel found on our backs. A change every now and then helped to boost everyone's spirits as well as the morale of the school.

This "peaceful" group consists of Shelie Horner, Philip Moyer, Teri Ozog, and Robin Crawley.

Michelle Slonka, the friendly cowgirl, and Dave Ferg, the Indian, make peace.

Right: Mrs. Hrzic looks bewitching. Far right: Watch Out! Dave Muchesko seems helpless, but Scott Spencer has no mercy.

Dawn Singer and Sandy Adkins show that school is always better when you have "some-bunny" to share it with.

Due to the camouflage, Lynn Repko, Naomi Bottorff, and Karen Gorden are barely visible in this picture.

Nancy Pfuhl, Troy Owens, and Amy Neatrour show off the latest J.H.S. fashions. Will this be a trend next year?

Tammy Horner looks pleased after giving Larry Locher two black eyes.

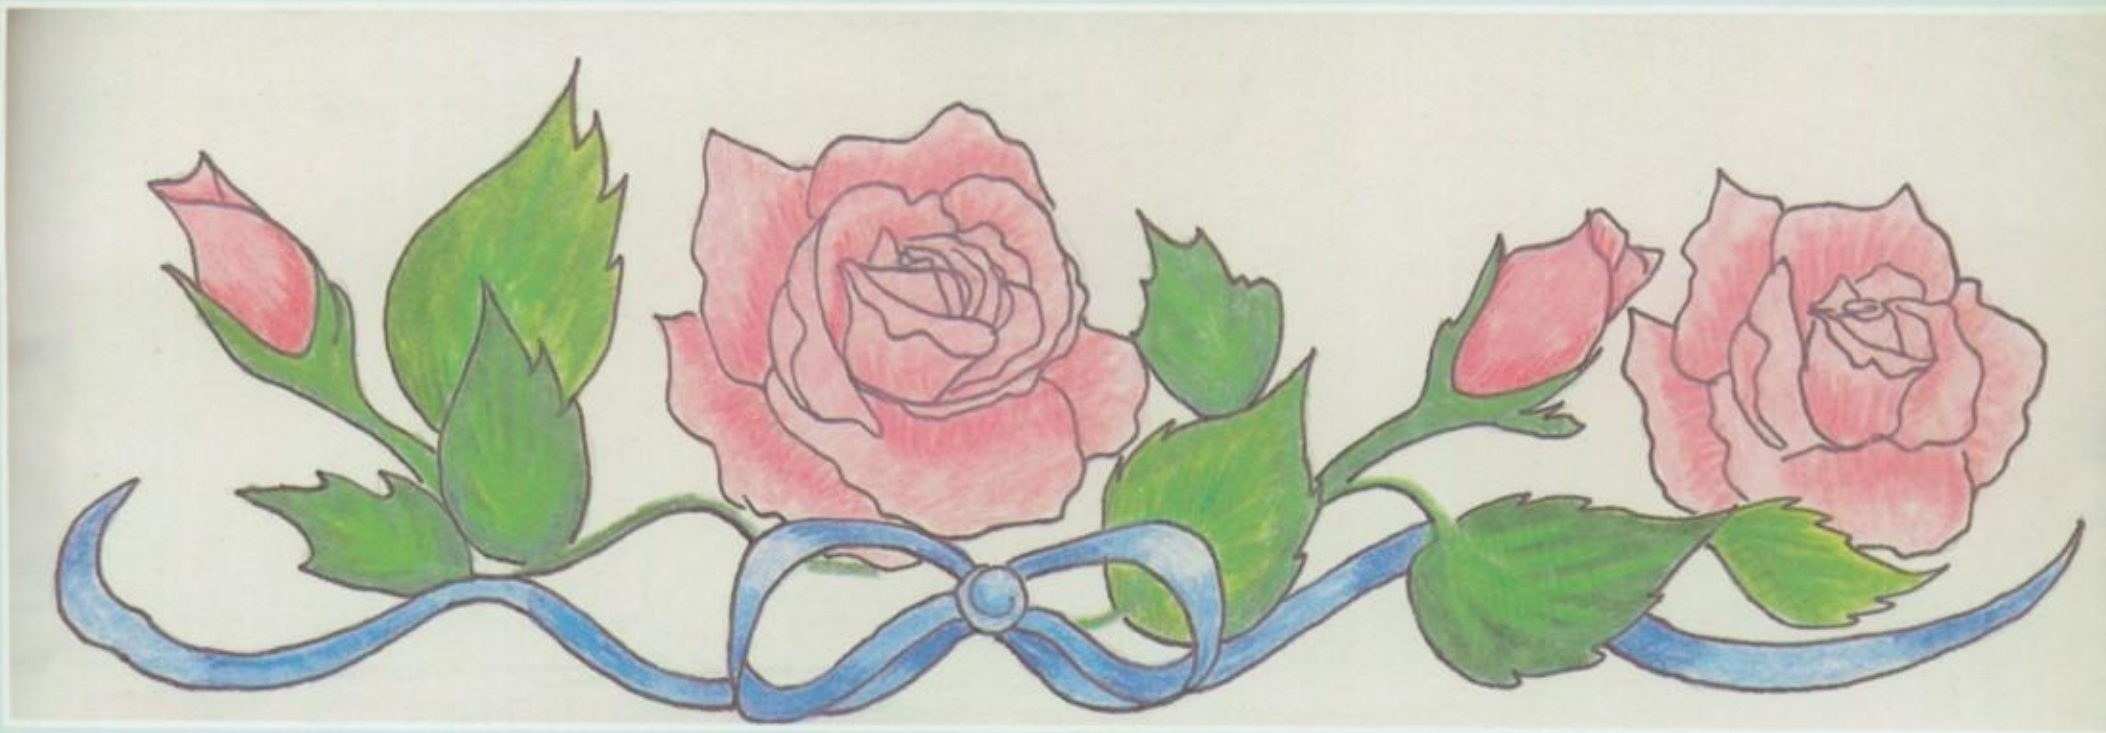
Good Luck Class Of 1986!

Many friends were made during the four years we attended high school together. Unfortunately, we will not be together forever. Although we will make new friends and share new memories, our high school years will remain very dear to us. We will never forget our friends and all the happy memories we shared. Whenever we're lonely, we can look through this yearbook and we'll be back in high school with our old friends. The best of luck and happiness is wished to everyone in the Class of 1986.



1986 Band Queen

Dona Flynn, the 1986 Band Queen, charmed the spectators at the annual Christmas parade. She was a member of the brass section of the Johnstown High School Trojan Band. Because of her outgoing personality, she has participated in a number of sports and activities, including the Varsity Volleyball and Varsity Basketball team, in which she is the co-captain of both teams.

Her popularity extended not only in band, but throughout the school. She is very talented and very humorous.

Dona helps to prove that Johnstown High School is not only filled with beauty, but also with personality.

Seniors Climbing On The Stairway Of Leadership

The smiling leaders reflect the school spirit of their class. From left to right: President, Sandra Adkins; Vice-President, Michele Mekis; Treasurer, Marlene Mellon; Secretary, Sue Zajdel.

Just A Step Away From Success

Prom, graduation announcements, graduation. When the time came to elect the senior class officers the seniors chose the four students they felt had the best qualities and abilities to lead them into a memorable senior year. The four students chosen for these positions were, Sandy Adkins, President; Michele Mekis, Vice-President; Marlene Mellon, Treasurer; Sue Zajdel, Secretary.

The officers acquired many responsibilities requiring much time, striving to achieve a successful year.

The year began with the main objective of raising funds, for senior activities, by way of a magazine sale. The officers put their minds together to create enticing rewards for successful sellers.

The magazine sale turned out to be a successful endeavor.

Of course, the senior-class sponsored dances will be nights long-remembered. D.J. Eric King stirred up excitement and romance with popular music of our time.

Senior Week exposed school spirit here. The spirit days along with the pep assembly at the end of the week proved that seniors definitely showed the most school spirit. It was at this assembly that our senior class president graciously accepted a pie in the face, which she earned through votes by our seniors. Even the senior guys got involved in our beautiful legs contest and our new varsity cheerleading squad. What a squad!

No sooner did school start for our officers when spring came into view, along with the prom and graduation. The officers went to work choosing prom colors, flower and song, along with graduation announcements. The romantic mood set at the Somerset Ramada Inn, for the seniors' prom, flowered into a fairytale evening.

At a blink of an eye, the graduates were soon marching down at the Johnstown War Memorial, with a smile on their faces and a tear in their eyes. The year proved to be an exciting one, filled with more than just work. The seniors will never forget the fun and friendships they experienced at J.H.S.

The Class Of '87 Takes Time Out To Enjoy Some Time With Their Friends.

In the preceding pages are the faces of the 1987 class. These pictures hold the memories of good times in our Junior year. An important factor in the success of anyone's life is their friendship with others. From way back when, to day one of school when we were considered just children, the adjustment to school was a very trying experience for some. We started out in a new and strange world surrounded by so many faces that were unfamiliar. Without the ability to make friends, it would have been quite unbearable. Through these eleven years some friendships have faded while others have grown. Nevertheless, the good times shared by all are never to be forgotten in the passing of time.

Raenne Thomas laughs and asks, "Am I in the wrong room or something?"

Ed Mikesic calls Michele Strandquest back to Earth as he asks for help.

The sportlight at lunch was on Jerry Updyke and Jeff Adams.

Lynn Repko smiles as she says, "You're kidding me?"

Bill Clark takes time out from class to enjoy his Tootsie Pop.

Scott Shuman, Lori Ray, Beth Sisk, Kim Parkinson, and Larry Gawel are caught unprepared.

Clarissa Berzinsky, Ann DelBorgo, and Antoinette Raich are enjoying a brief moment of relaxtion.

Greg Meagher demonstrates how to enjoy a school lunch properly.

Chantelle Koener as she appeared in the January, 1986 issue of *Teen Magazine*. Chantelle was selected as one of the twenty-five finalists of 9,000 applicants across the nation in the 1986 Miss Teenage America Scholarship Program.

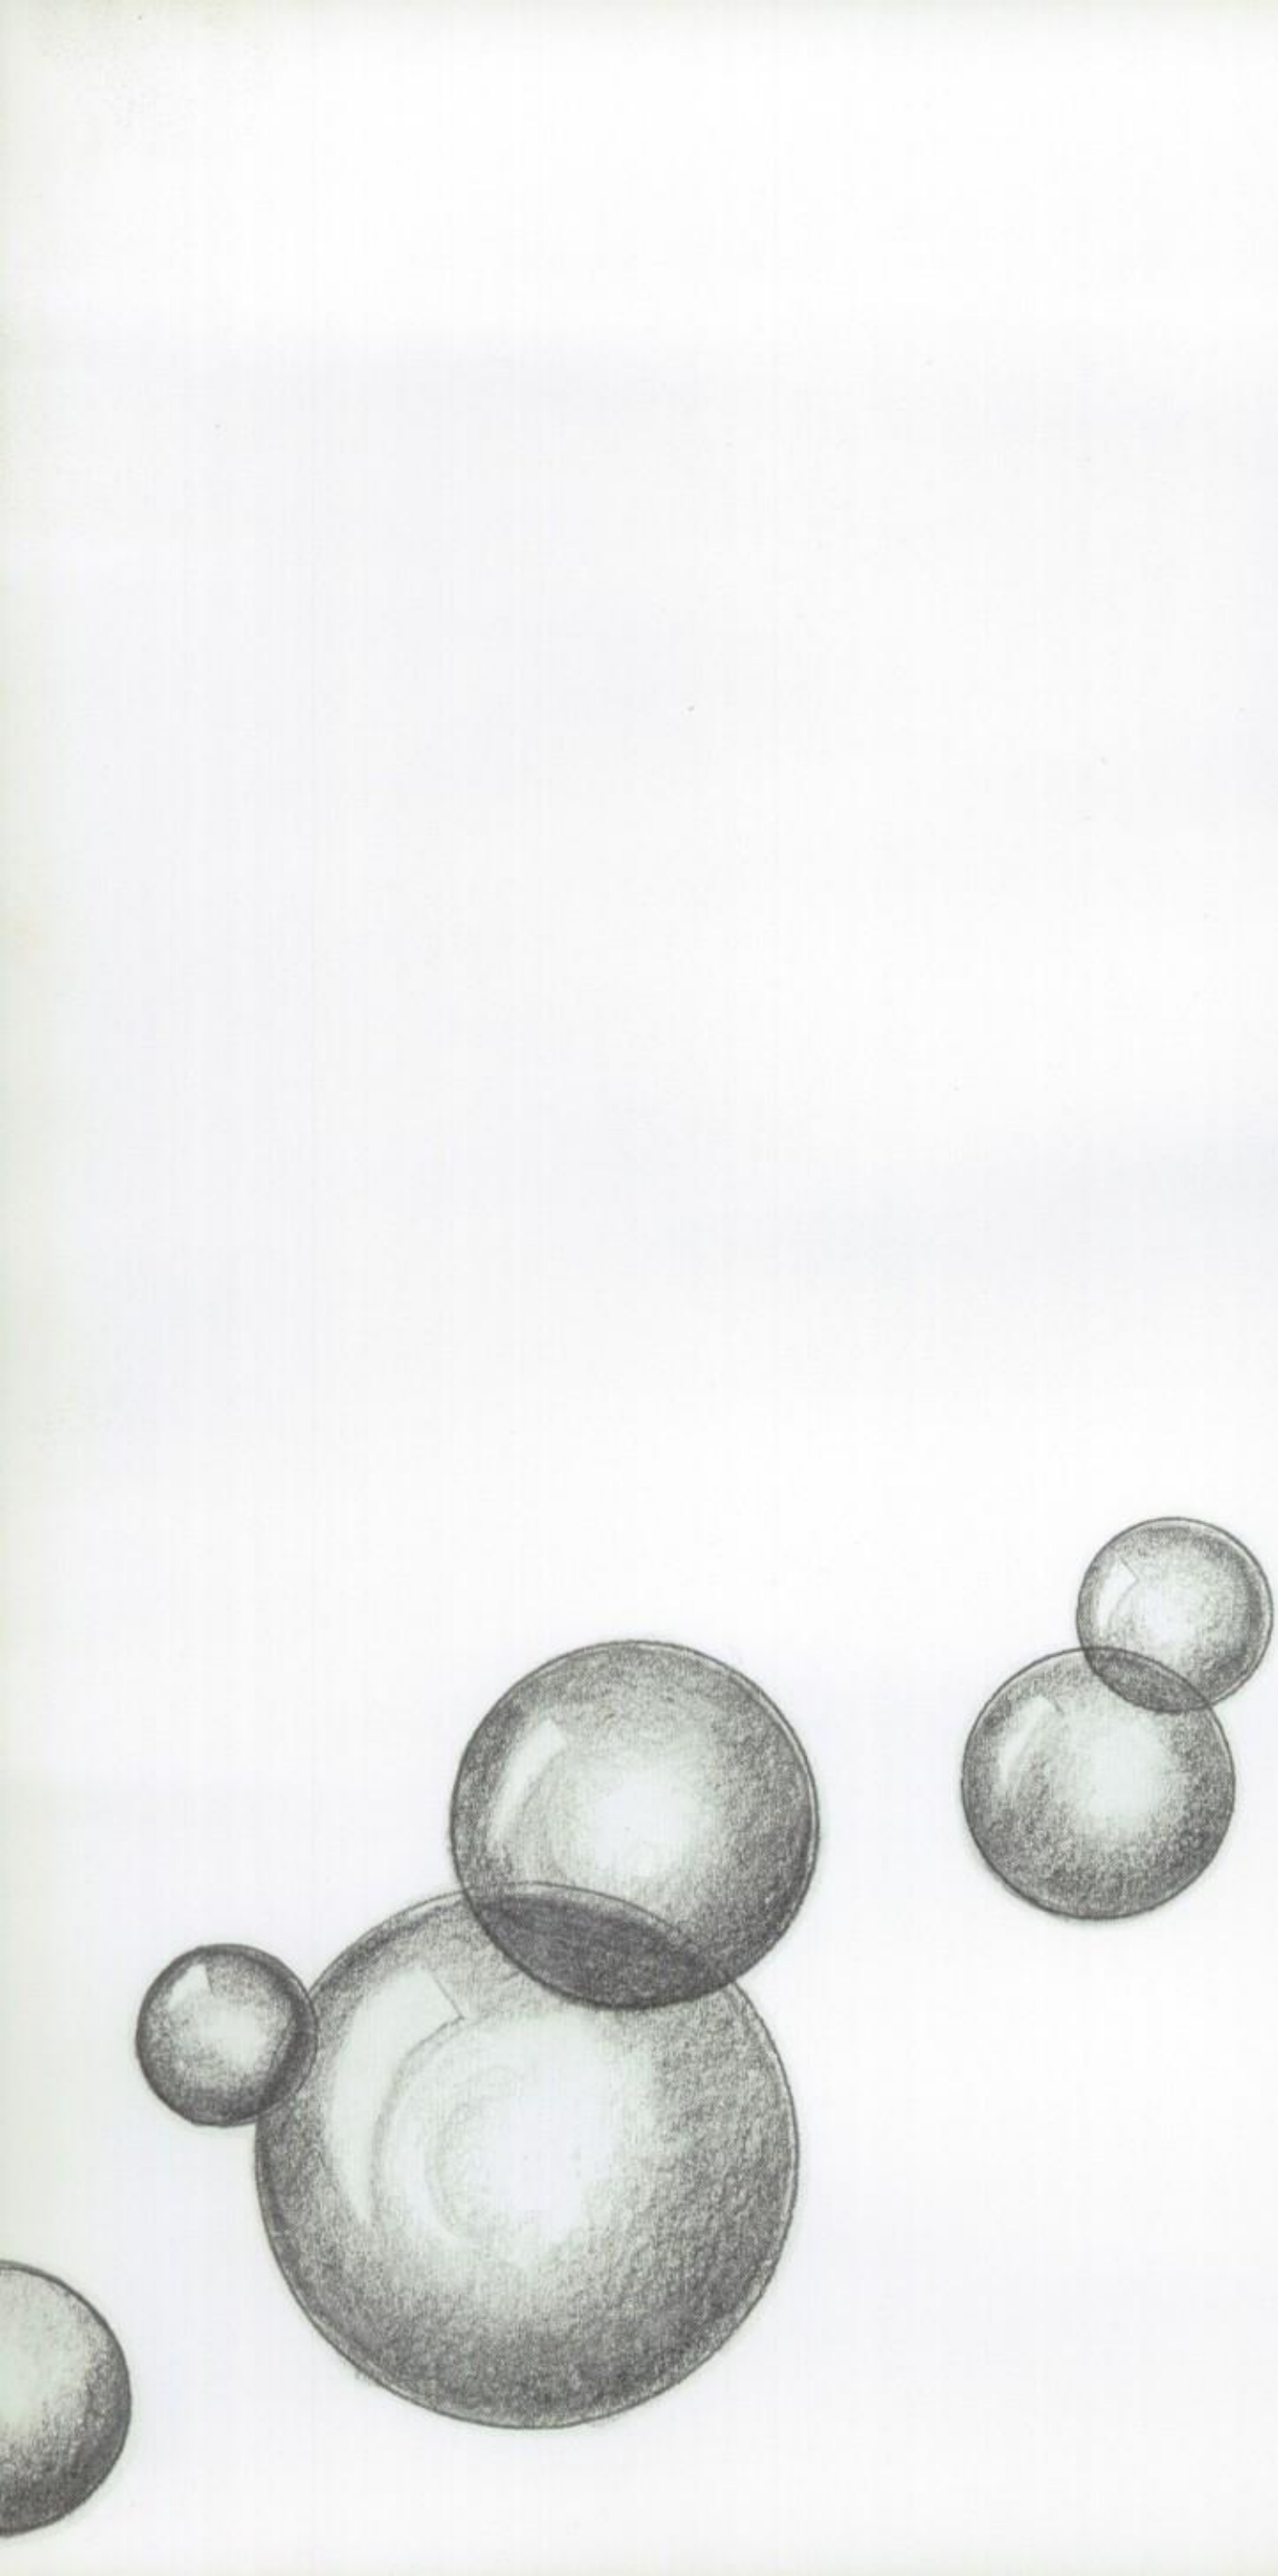
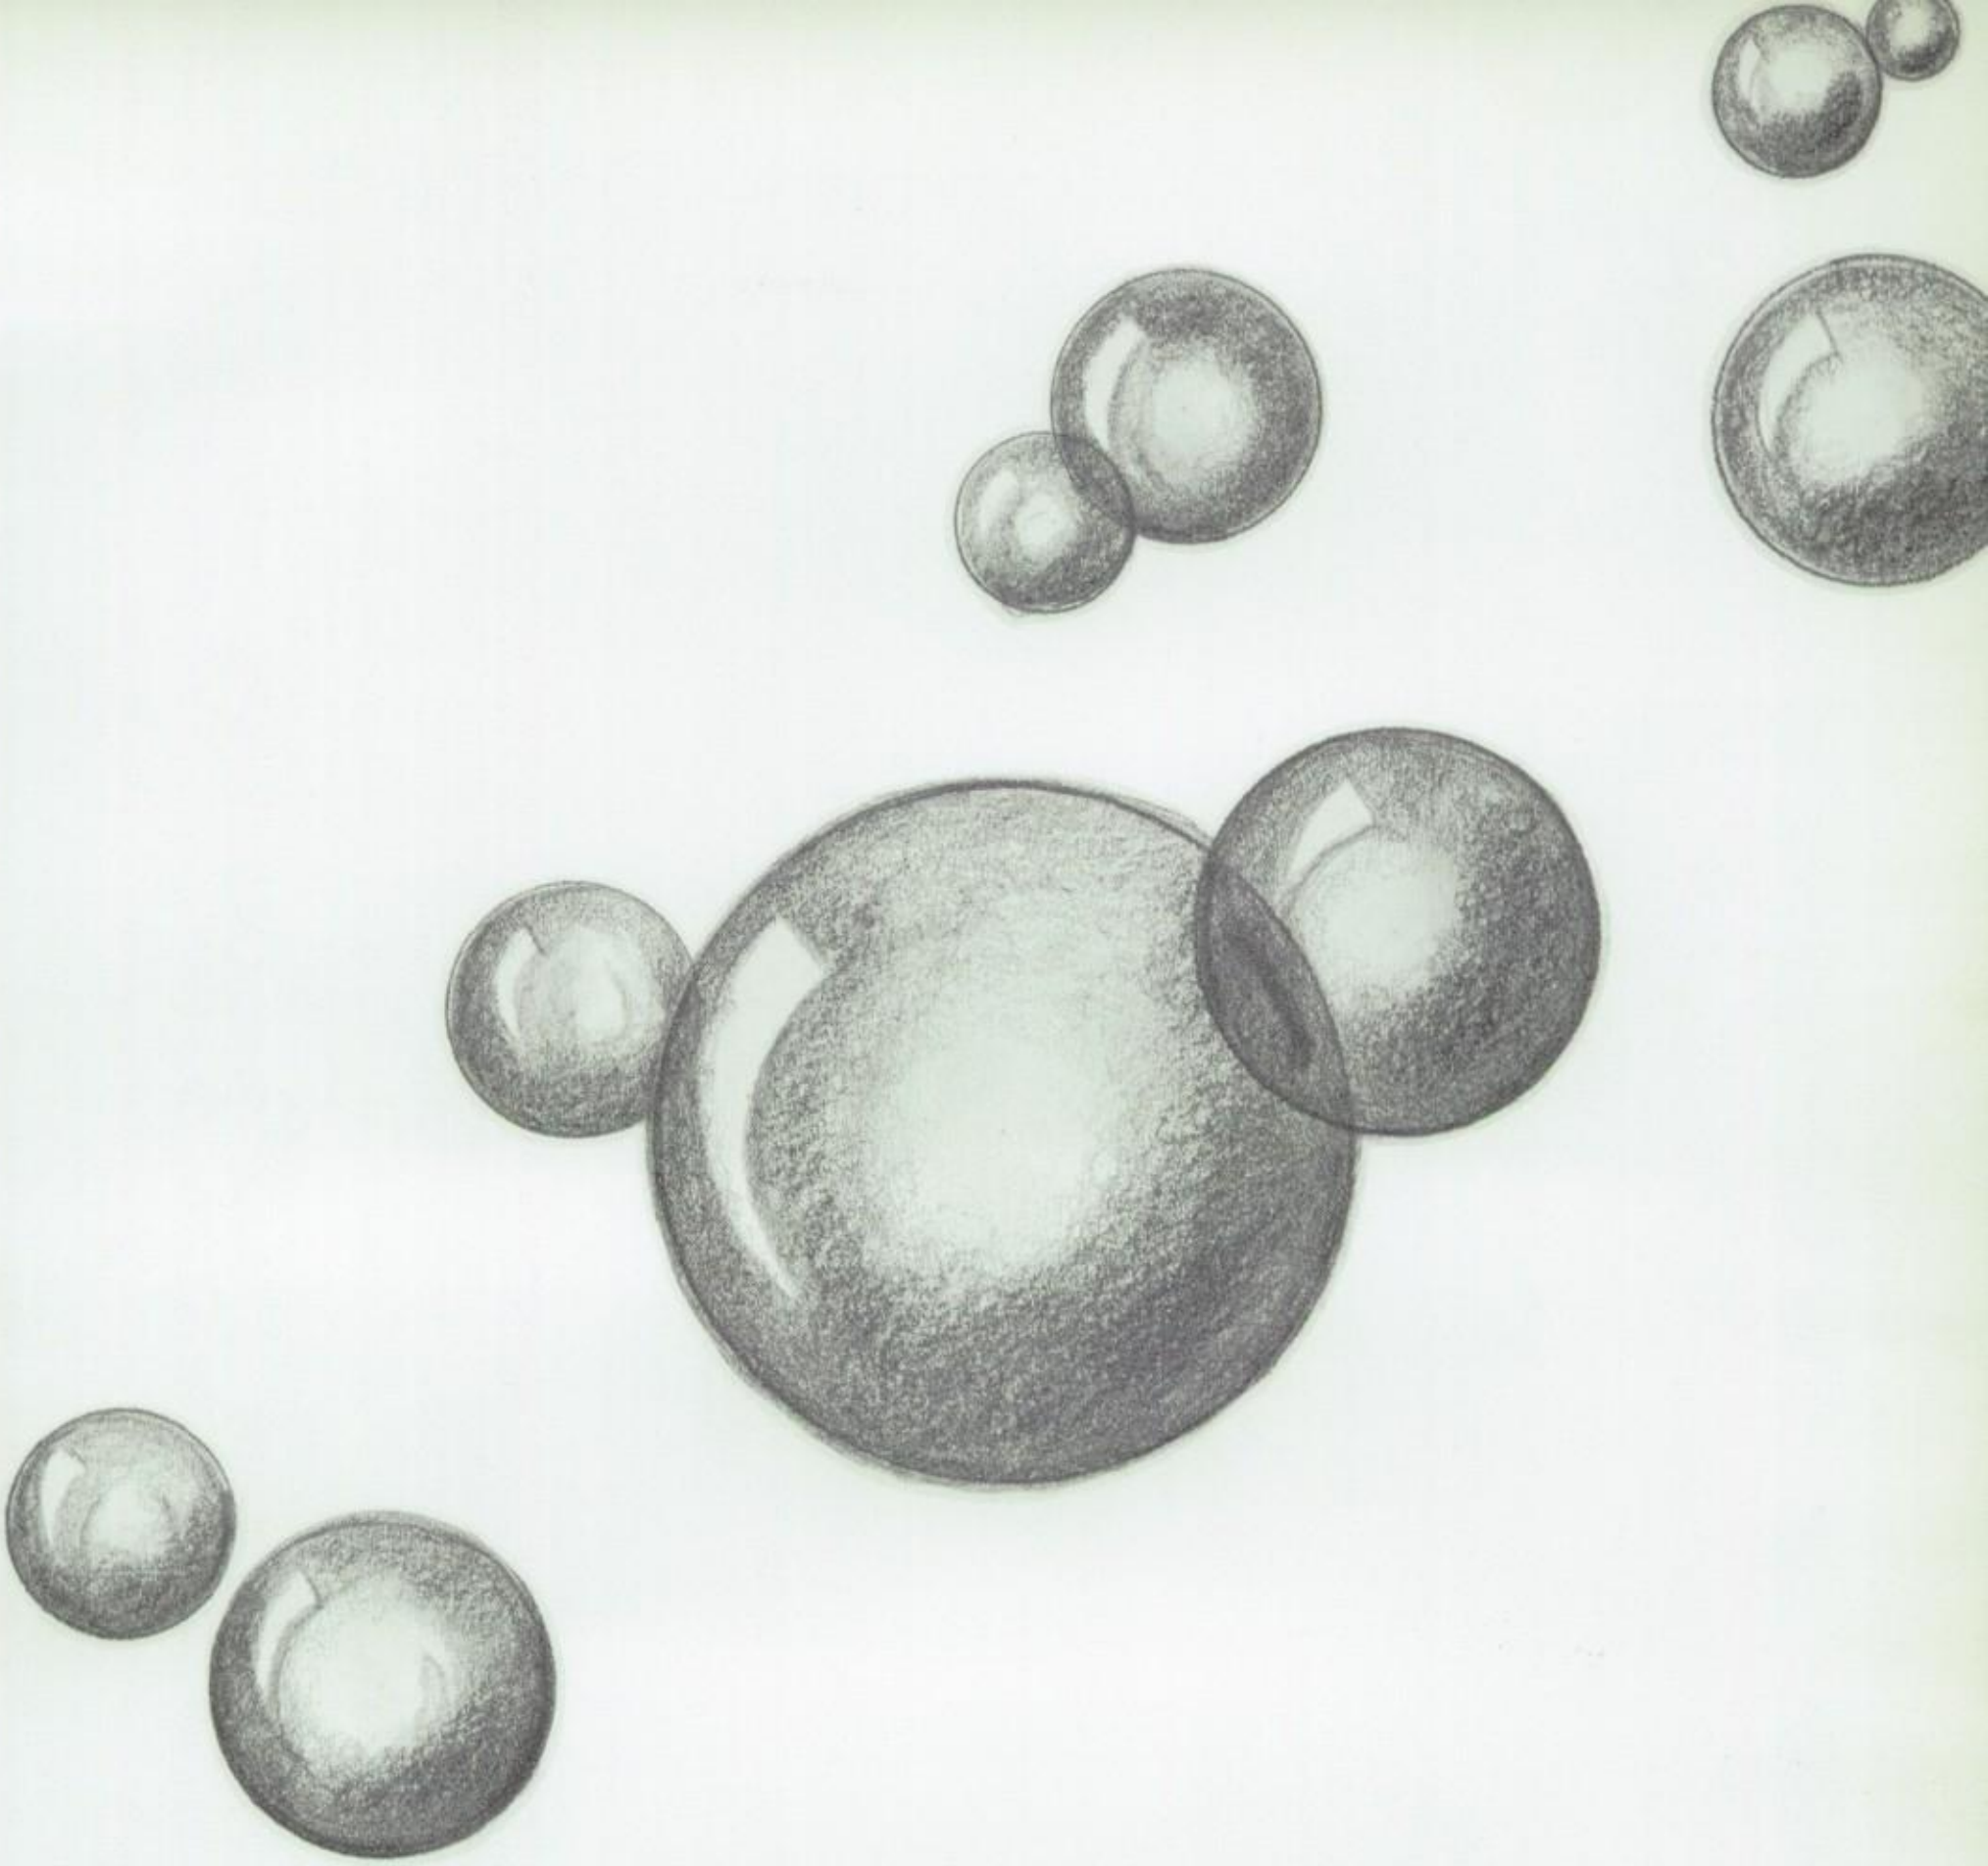
FACULTY





The Administration Is The Backbone Of The School.

New Faces On The School Board.

Many new faces were elected to the 1986/87 school board. The new members are Blaine Gjurich, James Salem, Eugene Torok, Theodore Helsel, and Gerald Zahorchak.

The school board makes many important decisions concerning daily activities and the welfare of the students. They approve candy sales and other fund raisers when clubs are planning trips or other activities.

The treasurer is Linda Beard, the board's attorney is John Kuzmiak. Donald Irwin, Milan Svitchan, and Edward Minium were a great help to the school board. They dealt with the students every day and were there anytime anyone needed them.

Row 1: Blaine Gjurich, James Salem, Lou Soulcheck, Raymond Arcurio. Row 2: John Kuzmiak, Eugene Torok, Dorothy Miller, Linda Beard, Theodore Helsel, Gerald Zahorchak, Brian Petry.

From top to bottom: Dr. Levi Hollis, Superintendent; Jerry Davitch, Assistant Superintendent; Donald Irwin, Principal.

Secretaries

Our Hardworking Team

Elaine Sarlouis and Kay Mihelic have contributed enormous portions of their time providing a smooth-running and efficient school system. These two outstanding and hard-working secretaries are always willing to donate their spare time, between performing their main duties, to help others. The secretarial staff also consists of four other superior workers. Catherine Crotzer, the guidance office secretary, for example, is a great help to seniors. Sharon Adams, Kim Fris, and Vonzell Holiday, are also an essential part in keeping us a productive school system.

Super secretaries - Elaine and Kay.

Sharon dreams of the up-coming sports season while working in the athletic office.

Vonzell keeps students in line.

Catherine helps guide seniors toward the future.

Kim smiles as she takes an important message.

Cafeteria & Maintenance

Irene Tomasko asks "sugar or salt?", while Vivian Layron and Theresa Arena prepare the meals.

A sportless cafeteria makes John Miller one happy guy.

Mickey Stumpo and Claude McKenzie take a well-deserved break.

Mary Lou Hillegas reaches for the recipe.

Mary Alt - Master chef.

United To Serve Us

The building maintenance crew and the cafeteria workers are two non-faculty groups who keep the students a happy group.

The building maintenance crew is responsible for keeping J.H.S. in top condition. This includes cleaning the cafeteria after a long day, tending school grounds, and keeping the rest of the school clean.

The cafeteria workers prepare a balanced lunch for the students daily and insure a variety of things to eat. They also clean all the trays and utensils used that day. Without these two hard-working teams, J.H.S. would not be the well-run school that it is.

Here's To All The Future Artists!

The JHS Art Club is composed of some of the best young artists in the Johnstown area. Among winning many of the areas' local competitions, some of the art students go on to receive national awards and scholarships. To these students, art is a way of life. Everything they do radiates their talent. During the 1985-86 school year, the Art Club set out to reach their primary goal: the trip to New York City. For months the club held numerous fund-raising sales, and on April 11 they arrived in New York. There, the Art Club and Quest Club visited the many famous museums and landmarks that make New York City one of the greatest cities in the country. Thanks to the help and support of Miss Kinol, Mr. Varmecky, and Mr. Davis the trip was a big success.

Need Something Repaired? Call On The BT & M Club.

When a job has to be done or something needs repaired, the most likely guys for the job are the members of J.H.S.'s BT & M Club. Over the past year the BT & M members have done various different chores to improve the interior and exterior of J.H.S. The members of the BT & M Club are some of the students of the morning and afternoon shop classes, who choose to work on their crafts outside of class. These students will become tomorrows' bricklayers, carpenters, and maintence men. Their dedication and skill will make them outstanding future craftsmen.

Chess Club Uses Brains And Skill To Win

The 1985/86 Chess Club was considerably larger than the 1984/85 club. There were many new members, new sponsors, and a new president.

More students became interested in the game of chess, which takes skill and patience. Some of the new members were freshmen, but most of them were upperclassmen whose interest in chess peaked this year.

Richard Gonda was the outside sponsor, a sponsor for tournaments outside the school. He was president of the club in 1984/85. The inside sponsor, a teacher from J.HS., sponsors meetings in school.

Dave Ferg, the 1985/86 president, was the most active member of the club. He planned all the meetings, which were held in the cafeteria in the morning and in the library on Friday afternoons. Dave spoke of skillful chess moves and tournaments during the morning meetings. The members practiced chess in the library on Friday afternoons.

The club planned a few tournaments in the spring. The tournaments were held in Pittsburgh.

A Meeting Of The Minds

No other game can boast as illustrious a history as chess. Its popularity has survived the centuries.

No one knows for sure when and where chess did originate. Recent research locates its beginnings in Hindustan, as a game with two persons on each side. A form of chess was mentioned in Hindu literature as far back as 3,000 B.C. Supposedly, the Hindus brought the game to Persia where it spread to Arabia and then to Europe.

Chess throughout the centuries has retained its basic theme, namely, a war between two opposing armies on a prescribed field of battle. The main purpose of the game is to trap the King of the opposing army. There are thirty-two pieces, or chessmen. Each player has sixteen. Although there are sixteen men on each side, there are only six different figures.These are: King, Queen, Knight, Bishop, Rook (sometimes called Castle), and Pawn. The game is played on a square-shaped board of sixty-four squares, alternately colored light and dark.

To Be Or Not To Be

This famous quotation was answered by the introduction of the Drama Club. Twenty-seven students along with the Vocal Jazz Ensemble presented a talent show on November 27 under the direction of club advisor, Mrs. Berkebile with the help of Mrs. Martin. The show consisted of twelve unique acts varying from dance routines, to comedy and serious skits, to multiple musical performances.

A candy bar sale, which was very successful, was held in March to aid in financing their field trip in May to the Mountain Playhouse in Jennerstown. For starters, the students viewed a spectacular comedy play; concluded with an appetizing dinner at Green Gables. The club president, David Ford, along with assistance of vice president, David Metz, led the students to a fabulous year.

Working 9 To 5

FBLA is an organization of efficient and idealistic students who are anticipating careers in the business world. In 1986, FBLA attended various competitions which tested the members' office and secretarial skills.

Mrs. Mihalic, the club's advisor, helped make the club's annual sale of carnations and other fund-raisers a great success.

FBLA used their profits for an end-of-the-year visit to Pittsburgh, where they toured businesses and business schools. The FBLA Club had a very successful and worth-while school year.

Forensics Speaks Loud 'N' Clear

Karl Hanuska, Karen Ellsworth, and Ramona Morris get ready for some tough competition.

Forensics is an organization of students who attend speech competitions at various area schools. The categories in these meets are: prose; poetry; persuasive and informative; boy's and girl's extemporaneous; dramatic interpretation; and duo dramatic interpretation.

The team is coached by Mrs. Louise Fisher. In 1986, two team members, Karl Hanuska and Ramona Morris, went to the state finals at Penn State. Both students competed in the poetry division. Melissa Weakland and Karl Hanuska attended the National Finals in Baltimore, Maryland. Melissa competed in the persuasive division, and Karl performed in the poetry category. Forensics had another very successful year.

The Johnstown Interact Club, sponsored by the Johnstown Rotary, has given the students a chance to show they care. They participated in a Jump-A-Thon at the Richland Mall benefiting the American Heart Association; funds were raised for the Salvation Army by putting teachers in a stockade; and pounds of food were collected for the St. Vincent DePaul Society at Thanksgiving time. During Christmas, senior girls volunteered to dress as elves and distribute meals and gifts to unemployed families for the Wives Action Committee. The members who took part agreed that it was time well spent. Also, there were weekly luncheons with the Rotary and the Rotary Career Day in which everyone gave their help. Besides all the worth-while fund raising, the club had fun at a skating party and at a fun night. The memories shared among friends and the opportunities taken will be remembered forever.

Juniors Take Action . . .

The main goal of the Junior Class Activities was to start building their treasury for the many expenses as upcoming seniors. They started by selling lollipops, calendars, and candy bars. A more enjoyable fund raiser was the volleyball game which they played against the Student Council underclassmen in December. In April they planned to have a Junior Week, topped off with a dance. The Junior Activities did a wonderful job of representing the junior class, future seniors of '87.

Opening The Door To Success

The Key Club, under the guidance of Mr. Lichliter, and sponsored by the Johnstown Kiwanis Club, had another fulfilled year. The members accomplished many services such as the annual poinsetta sale for Christmas, Blood Donor Day, and helping the Kiwanis with their Pancake Day on March 15. This year Marlene Mellon, Amy Tarbay, and Keith Fatula went to Lancaster, Pa. for the district convention. At this convention, Marlene, Amy, and Keith met with other Key Clubs in Pennsylvania. One activity which brought much happiness was the Christmas party at the Allegheny Lutheran Home. The students had a talent show and refreshments for the elderly. Everyone had an enjoyable night. As a result of the club's activities and help within the community, they are a very valuable asset to the school.

Go To The Library, Where Fantasy Becomes Reality

Seniors- sitting: Barb Jones, Tracy Raymond. Standing: Dave Muchesko, Miss Wassum

The Johnstown High School Library Staff is very helpful to Miss Wassum. They help keep the library operating smoothly. Students with the interest in working in the library devote their free time and abilities to help the services within the school. Some duties of the staff are shelving books, writing overdue slips, and checking out such things as books, magazines, and pamphlets. They are also expected to keep the materials in good condition and in working order. In the boring period of a study hall go to the J.H.S. library and find that a book can become a fantasy.

The Math League is a group of students who are enrolled in Algebra II or III, trigonometry, and calculus. The students who are involved in this meet once a month to take a test which consists of six difficult problems. The test is taken in the library during homeroom and should be completed in a thirty minute period. Only selected students in 10, 11, and 12 grades take the test. While some of the students take the test to receive extra credit, others are more serious about their test result. The five best scores are sent to the Pennsylvania High School Math League Headquarters in Elkins, Pa. These scores are compared and ranked with the other 159 participating Pennsylvania High Schools. The Math League requires skill and "know how" to achieve its highest potential.

The Para-Medical Careers Club is under the guidance of Mrs. Shirley Kyler. The club sold novelty candy for Christmas, Valentines Day and Easter. The Officers of the Para-Medical Careers Club this year are Karen Symon, President; Tracy Nimritz, Vice President; Leana Chappie, Secretary; Sun-Min Lee, Treasurer. To benefit the members of the Para-Medical Careers Club, the club invited Mr. Wambuk from UPJ (University of Pittsburgh at Johnstown). Mr. Wambuk came to see if any of the students were interested in a career in inhalation therapy on March 13.

We've Got The Spirit!

The Pep Club is an organization of students that represent the pride of our school, and give that extra boost of pride where it's needed. Throughout the year they have traveled, along with the football team, to many away games to cheer them on to victory. They have also helped support the cheerleaders and basketball players at many of their competitions.

The radiant students that belong to the Pep Club are just a few that show their enthusiasm and make our school the best there is.

Quest Club Conquers New York

The Quest Club, in assocation with the Art Club, planned their most exciting trip yet, a trip to the Big Apple, New York City. Both clubs had joint fundraisers which included M & M's, pizzas, subs, and candy sticks. The Quest Club also had a perogie sale.

These two excited clubs departed for the high paced metropolis at 3 AM April 11 and returned April 13. Among the fabulous sights they took in were the Empire State Building, the Metropolitan Museum of Art, the Whitney Museum, the Guggenheim, the Twin Trade Towers, Rockefeller Center, a Staten Island Ferry ride to see the botanical gardens, and the Museum of Modern Art.

This trip was a definite highlight for the seniors and one that they will always remember.

Waging A War Against Drunk Driving

"Students Against Driving Drunk" is what this club is all about. The cl officers for this year were Connie Fyock, Andre McCray, and Antoine DeBouse. Along with the officers, the members of the club with their pare chose to fill out and sign a contract which could save their lives or the life of friend. Clubs like S.A.D.D. are part of a very important campaign to st alcoholism and all the accidents that often result from drunk driving.

Our Team Outsmarts The Rest

Intelligence At Its Best

Our Scholastic Quiz team beat the odds when coming face to face with the favored Richland team. Johnstown entered the final round of competition with one loss in a double-elimination competition, Richland had no losses. The quiz team had to defeat Richland two consecutive times in order to grasp the Scholastic Quiz Championship title. Our team's spirit persisted and we did just that.

The Scholastic quiz team's activites included eight matches with teams from Westmont, Forest Hills, Conemaugh Valley, Penn Cambria, Somerset, and Richland. These teams provided tough competition, but when it came down to picking the best, Johnstown stood out in front. Our team also participated in a trivial pursuit contest at Forest Hills, where they also placed first.

Because of the excellence shown by our quiz team, the students that participated received lunch with Mr. Irwin, and honors at the annual Scholastic Quiz Banquet. We proved again that Johnstown not only exceeds in athletics, but also in academics.

Sound forth the trumpets! When our team placed first in the Scholastic Quiz Championship at Johnstown Vo-Tech, there was no holding back. We proudly displayed our pride for our quiz team on the marquee. From bottom to top: Debbie Sax, Christi McCune, Bill Peduzzi, Ron Whittle, Dave Zajdel.

There's always a woman behind a good man, but our Scholastic Quiz team has two behind them. The scorekeepers and timer are pictured here with our quiz team: Sitting: Christi McCune; Ron Whittle; Bill Peduzzi; Dave Zajdel. Standing: Marci Romani; Debbie Sax; Kristy Brosius.

The sweet smell of victory could only create smiles such as the ones reflected by our quiz team. The participating champions include, Sitting, Debbie Sax; Miss Solarczyk, team's coach; Christi McCune. Standing: Dave Zajdel; Bill Peduzzi; Ron Whittle.

Senior Activities Spirit Soars!

This year the Senior Activities consisted of twenty-eight members, two students from each of the twelve senior homerooms, and four officers. They started the year with the annual magazine sale. Prizes were awarded to the seniors that had the highest sales. The senior class successfully raised money to be used for the prom and graduation. The seniors also held a Christmas party on December twentieth. Keith Inks dressed as Santa Claus and was the guest of honor. Senior week started with party day, followed by Hawaiian day, backwards day, and ended with blue and black day. The festivities of the week ended with a dance. The year was concluded with the prom and graduation.

Students Are Doing It Themselves

The Student Council is an integral part of the operation of the school. It is a forum in which students are able to express themselves on issues governing the school.

Enthusiastic and spirited, the members of the Student Council have contributed much to the school by holding many fundraising activities. The organization sponsored dances, a food taste test, Italian Day, Homecoming and the Battle of the Classes. A Pitt - Penn State day was held, benefitting the Salvation Army, in which people paid one cent to vote for their favorite team. A food drive brought in seven tons for the St. Vincent de Paul Society Members also volunteered to be huggers at the Special Olympics.

Future plans include establishing a scholarship for the prevention of students drinking while driving.

These special projects have proven to be unique and beneficial not only for the members, but for the entire student body.

The Ushers Lend A Helping Hand . . .

The JHS Ushers Club is an enormous help to the school. The students involved give up their own time to help during assemblies, musicals, and other activities that take place during the school year. The job of the students is to hand out programs and sell tickets; show people to their seats; and to help people if they are lost and in need of assistance. Two of the biggest jobs of the club this year are Baccalaureate and Graduation. If it weren't for the kind and helpful ushers many of the school functions would be in shambles. The JHS Ushers Club always proves to be a valuable asset to our school.

The fall sports include football, varsity and junior varsity; girls tennis; and volleyball. The varsity football team finished the season 1 game below .500. They finished with 4 wins, 5 losses, and 1 tie. Many underclassmen gained the experience necessary to play under the pressure of high school sports.

The girls tennis team finished with only 2 wins and 8 losses. Both wins came against Bishop McCort. Despite the record, the team had some bright spots like sending 4 members of this year's team to Districts.

Unlike the tennis team, the volleyball team enjoyed a sucessful season, finishing with 11 wins and only 5 losses. The losses came against Indiana, Somerset, and Richland. They lost to Indiana once, Somerset twice, and Richland, the state champions, twice. They avenged the loss to Indiana when the two played a second time. They defeated a rough team in 2 straight games on their own court.

Trojans Improve As Year Progresses

The JHS football team has undergone various changes. Naming a new head coach took only a little time as Jerry Davitch was named new head coach. The change helped the team to a 4-5-1 record, with the one a 0-0 mud battle with Greensburg Central. The team had eleven starting seniors, and the experience showed. Tom Delic guided the Trojans all season, but was challenged for the start in the preseason by his brother Dan, a sophomore. Many players felt that the coaching change brought an attitude change. The players felt that they could defeat whoever they played. Coach Davitch has started to build a winning team. The team had five underclassmen in starting roles.

Consistency Is Key For J.V.

The Junior Varsity football team finished this season with a record of 5 wins and 3 losses. They began the season with wins, including an impressive 35-6 victory over rival, Derry. The coaches worked with many players who had dual roles, playing on both Varsity and J.V. teams. Although the players do not get the publicity that their Varsity counterparts do, they play with the same intensity. Dan Delic, who was the backup to the Varsity quarterback, and brother, Tom Delic, guided the team all season. His consistence and the running of backs such as Leroy Gunby, Tony Bambino, and Darren Hill helped the team to a successful season.

Lady Trojans Serve A Smile

The 1986 Lady Trojan girls' tennis team finished the season with two wins and 8 losses. Both victories came over arch-rival Bishop McCort. In the first meeting of the two, all seven matches were won by J.H.S., and in the second, six-out-of-seven were taken by the Trojans. The team will lose three players to graduation, Tricia Kessel, Kathy Leap, and Sandy Adkins, and will have five members returning. The team sent four players to Districts as Sandy Adkins and Nancy Pfuhl went for both singles and doubles, and Tammy Horner and Barb Cvrkel went for doubles. The team is looking forward to a successful year in 1987.

Girls Enjoy A Successful Season

The girls' volleyball team enjoyed a very successful season. They finished with 11 wins and 5 losses. The two seniors, Dona Flynn and Danielle Singer, were the cornerstones of the team. The season began with the team winning their first two games and 5 of the 8 games in September, the half-way point of the season. They then went 6 and 2 in the month of October, thus compiling the 11 and 5 record. The team played 8 schools, playing each school once in September and once in October. They played under extreme pressure, playing all 16 games in only a 46 day time period. This hectic schedule made it nearly impossible to make specific adjustments in an attempt to exploit an opponent's weakness. Expectations are high for next year's team, returning 11 players from this year.

The winter sports included boys basketball, varsity and junior varsity; girl's basketball; and hockey. During the season, the girls basketball team encountered many tough opponents, including a very good Altoona team which finished undefeated and ranked #1 in the country by the *USA Today*. Despite these obstacles, the team managed to finish with 5 wins and 19 losses.

The hockey team finished with 9 wins, 8 losses, and 2 ties. This record is impressive not only because it is above 500, but also because this was only the third year for the hockey program at J.H.S. Coaches Campigotto and Mitchell did a good job preparing the team for each game. This preparation paid off in the season ending victory over a very tough Westmont team. The team skated and executed well in the 2-1 victory.

These sports were overshadowed this year by the boys varsity basketball team. They enjoyed a very successful season finishing with 22 wins and only 4 losses, including 2 wins and a loss in the District Playoffs. They captured the sports spotlight early in the season with a 107 to 38 victory over a much weaker Westmont team. They then went into the War Memorial Tournament with high hopes, but these hopes diminished following a first round loss to St. Anthony. The team rebounded from two consecutive losses to win their next 13 games. They went into the playoffs with a 20-3 record, but fell one game short of the state quarterfinals.

Experience Is Key

This year's varsity basketball team captured the spotlight of the entire school. Going into this season, hopes were very high for this well balanced and experienced team. They began the season winning their first 4 games. Then, following back-to-back losses to Laurel Highlands and St. Anthony, they bounced back to win their next 13 games. They finished the season with an impressive record of 20 wins and 3 losses, thus qualifying for the state playoffs. They went into the playoffs paired up against a weaker Vo-Tech team. They easily advanced, thanks to a record-setting 51 points by senior center Mark Horner. Mark and senior teammate Tim McNair gave consistent performances all season, but were held at bay in the season-ending loss to Altoona. Not to be overshadowed by the performances of Mark and Tim, the rest of the team members contributed a great deal. Coach Paul Litwalk's team was almost injury free all season. Game after game Coach Litwalk started the same five, but having the strong bench, the starters were not over used. It will not be easy for next year's team to perform as well as this year's team.

Underclassmen Show Ability

Next Year's Hope For Success

With 7 seniors on this year's varsity basketball team, members of the junior varsity team are looking forward to playing next year. By having a J.V. program, we offer not only more opportunity for more players, but the experience it takes to have a good varsity program. Naturally, they don't get as much attention from the fans, but they are a very important asset to our athletic program.

The J.V. basketball team began the season by winning 5 of their first 7, the two losses were both in overtime, and the second loss was in double overtime to Indiana. There were players who showed the ability and will needed to fill the openings on the varsity team.

Lady Trojans Take To The Court

This year's Girls' Basketball team did not have an easy task ahead of them at the beginning of the season. They started the season with 2 tournaments in the first month of the season. The first was the Johnstown Lion's Club Tournament which was hosted by the Lady Trojans. They won in the first round against Ligoneer, which put them into the finals against Johnstown Vo-Tech. Despite playing a well-balanced game, the Lady Trojans lost and finished second in the tournament. This was to exemplify the season for the girls. Although they later made up for the loss against Vo-Tech, teams such as Bishop McCort and Altoona, the number one team in the county, were still to come. The coaches had only 3 seniors; Dona Flynn, Terrie Sax, and Karen Symon, so next year will prove to be better.

Johnstown Skates To A Winning Season

This year's Johnstown Hockey team gained the respect of the area teams. They finished the season with 9 wins, 8 losses, and 2 ties; incuding 2 victories over Bishop McCort. The hockey program here is a young one. It is only three years old. Coach Campigotto and his assistant coach, Bill Mitchell, had the difficult job of preparing the team for each game. The team did not go into the season with the student support of the other programs, but by the time of the season-ending game against Westmont, student attendance was up. The skating Trojans did not let their fans down, turning out one of the best performances of a Johnstown Hockey team this far. Brian Jedrzejek held Westmont to only one goal through one and a half periods, but following an injury was replaced by Darrin Mikula, who held them scoreless for the remainder of the game. Johnstown won the game 2 to 1 and completed their first winning season.

Living Up To Expectations

This year's Trojan Boys' Baseball team had many expectations to live up to. They opened the season with a victory over Blacklick Valley, then they came home to play a good Vo-Tech team. The team was pressured with 9 scheduled games in April, but ended up playing make-up games at the end of the season.

A Female Version Of America's Pastime

Row 1: Terri Barkhimer, Mary Jo Canini, Dawn Pavlovich. Row 2: Karen Gorden, Karin Auckerman, Wendy Hassel, Tammy Burgan, Chris Becker, Buffy Walker. Row 3: Heather Shoup, Michelle Urbassik, Barb Dipko, Terri Sax, Vicki Reininger, Karen Symon, Tammy Cernic, Kathy Leap.

Speed Is Of The Essence.

The Boys' Track team had 8 seniors on this year's team and 8 members who returned from last year's team. With all the rained-out meets, the team finished up, competing in only 11 meets, with 3 wins and 8 losses. Two of the 3 victories came against arch rival Bishop McCort, and the other victory came against Penn Trafford. With only 8 returning members, the team was basically inexperienced, and coach Joe Asel can look forward to a well-balanced team for next year.

At Left: Eric Hollen and Barry Shrattengost stand, watching the ball go by. Above: Tom Perrore goes up for this over-hand shot.

Inexperience Shows Through, But Doesn't Hurt

This year's Trojan tennis team members did not know if they would play for a Johnstown team until two and one half weeks before the beginning of the season. They had a difficult season, starting with three tough matches against Indiana, Westmont, and Bishop McCort, they won only one of those 3 matches. The team had only 3 seniors with 6 underclassmen. Coach Ramirez can look forward to a stronger season next year. Despite this lack of experience, the boys' tennis team had a successful season. Kevin Schultz, Matt Gost, and Steve Johncola were the three senior boys' tennis players.

Kamnikar Award

On June 14, 1960, John L. Kamnikar and Janet Pentrack were traveling on a Johnstown road when a tragic accident took place. John crashed head on with another vehicle and both youngsters were killed. The accident took place two months prior to the start of John's senior year in high school. Kamnikar was both an outstanding athlete and scholar. He was the quarterback for the Trojan football team and was ranked in the top ten of his class. That year, the coaching staff of the school started the John Kamnikar Award.

The John Kamnikar Award is the highest athletic honor that a student can receive at Johnstown High school. It is presented to the scholar-athlete that represents Kamnikar excellence. The recipient of this year's award was Sandy Adkins. Sandy was the president of the senior class, a member of National Honor Society, Quest Club, Math League, Band, Orchestra, Forensics, S.A.D.D., Jazz Rock Ensemble, Concert Choir, Key Club, Ski Club, Student Council, District Band, Regional Band, State Band, and I.U.P. Honors Band. She has participated in the Musicals. She was a member of the Trojan tennis team and was the State Tennis Doubles Champ last year. She is the valedictorian of the class of 1986. After graduation, Sandy plans to attend Indiana University of Pennsylvania.

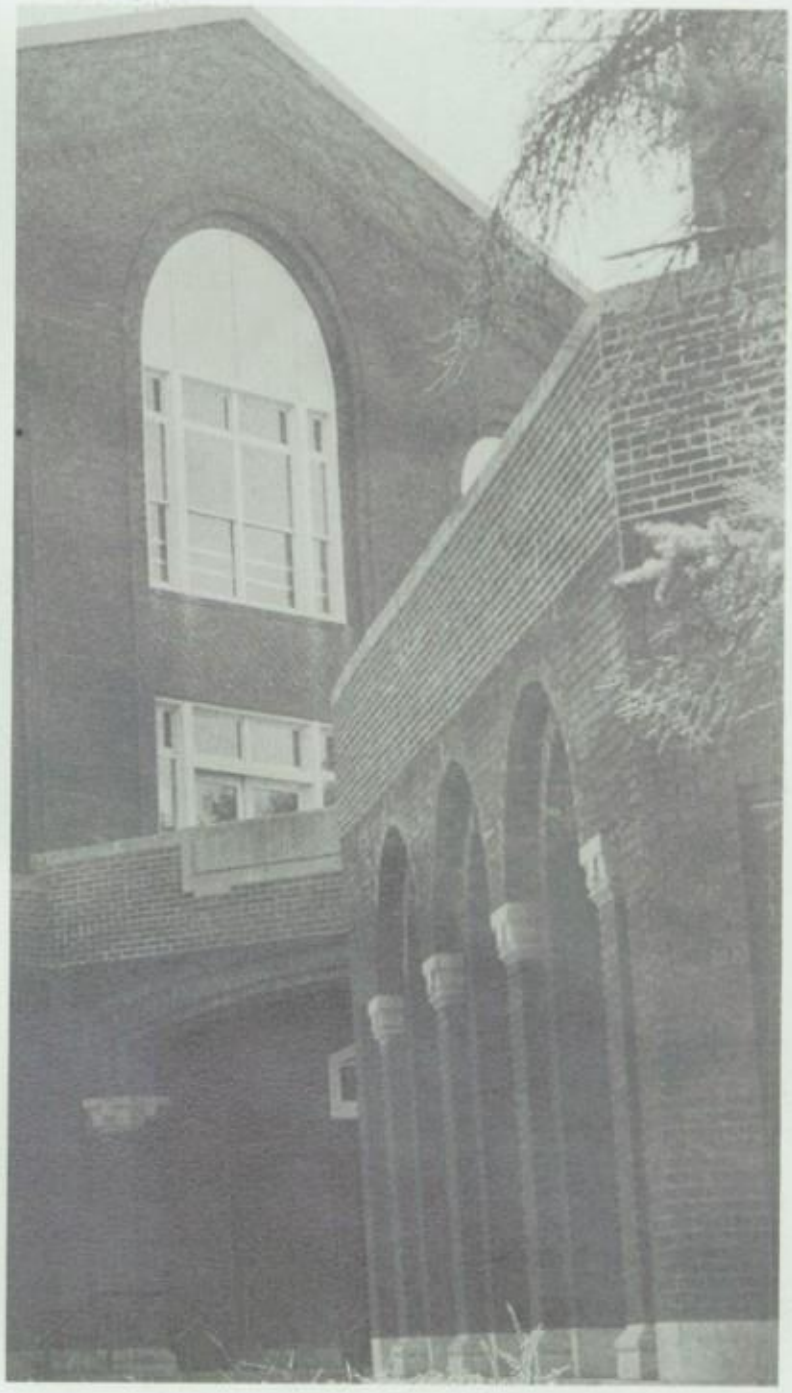
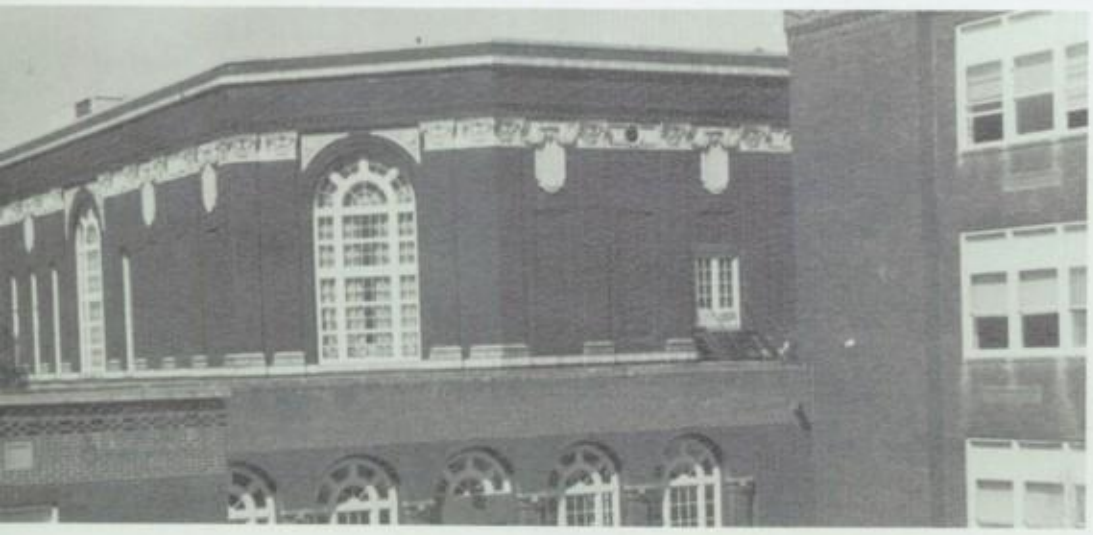
SHADOW TIME

A Tradition Continues





We all remember kindergarten and our first day of school. Now we have reached the end of our public education, and are starting a new life. During our last four years we have met many people in this school we will always remember. Within these walls are many memories and secrets that will remain with us always. Many fine teachers and students have passed through these hallways. Everyone has had their good and bad times throughout the years. The Class of 1986 is the sixth class to have graduated from the William A. Cochran building. We will always have the memories of our school years. We don't think of school as ending but that a new life is just beginning. We on the *Spectator* staff wish the Class of 1986, and all the following classes, all the best in years to come.

The National Honor Society is an organization for high school boys and girls. Members are chosen on the basis of scholarship, leadership, citizenship, service, and character. College scholarships are awarded each year to top-ranking senior members. The society is sponsored by the National Association of Secondary-School Principals, which founded it in 1921. The main function of the Honor Society this year was to perform their usual voluntary services for the community. This year, as in others, the annual induction ceremony was held in the JHS auditorium, March 26th.

Valedictorian Class of 1986

Education is probably the most valuable tool we can possess, and with it almost anything can be achieved. These scholars pride themselves on being the top ten in the Class of 1986.

From first grade to twelfth grade, these young men and women have been dedicated, hard working students, that have gained the right to this honor. Wherever life takes them their knowledge will be an asset in all they encounter.

Auto Body

The students of auto body are kept busy each day. They learn all the phases needed for auto body repair. They handle sheet metal, do complete refinishing of the interior, re-do vinyl tops, electrical suspension, and many other things. This year, they had totally demolished cars brought in, and restored them to show-room condition.

The students have top priority to work on their own cars or their parents' cars in the shop. Other people, such as teachers, can bring in their cars for repair and the only expense is for the parts.

Auto Mechanics

The students of auto mechanics are taught to repair engines, transmissions, drivelines, brakes, automotive and electrical systems. With the training the auto mechanic students receive they will surely be highly skilled mechanics in the future.

The auto mechanic shop students spend four periods a day working on old cars. They also can fix their cars or cars that belong to their parents. Students in the school can bring their cars in to be worked on. There is no cost for labor, only for parts.

BT & M

Students in the building trades and maintence shop have managed to keep themselves quite busy this past year. They have painted the Main Office, the Nurses Office, and the Conference Room. They have also built a display case in the cafeteria and formica shelves in the library. One of their outdoor jobs has been to plow the snow on the school grounds.

BT & M is a three year course dealing primarily with the basic construction procedures, basic carpentry, masonry, residential electrical wiring and plumbing.

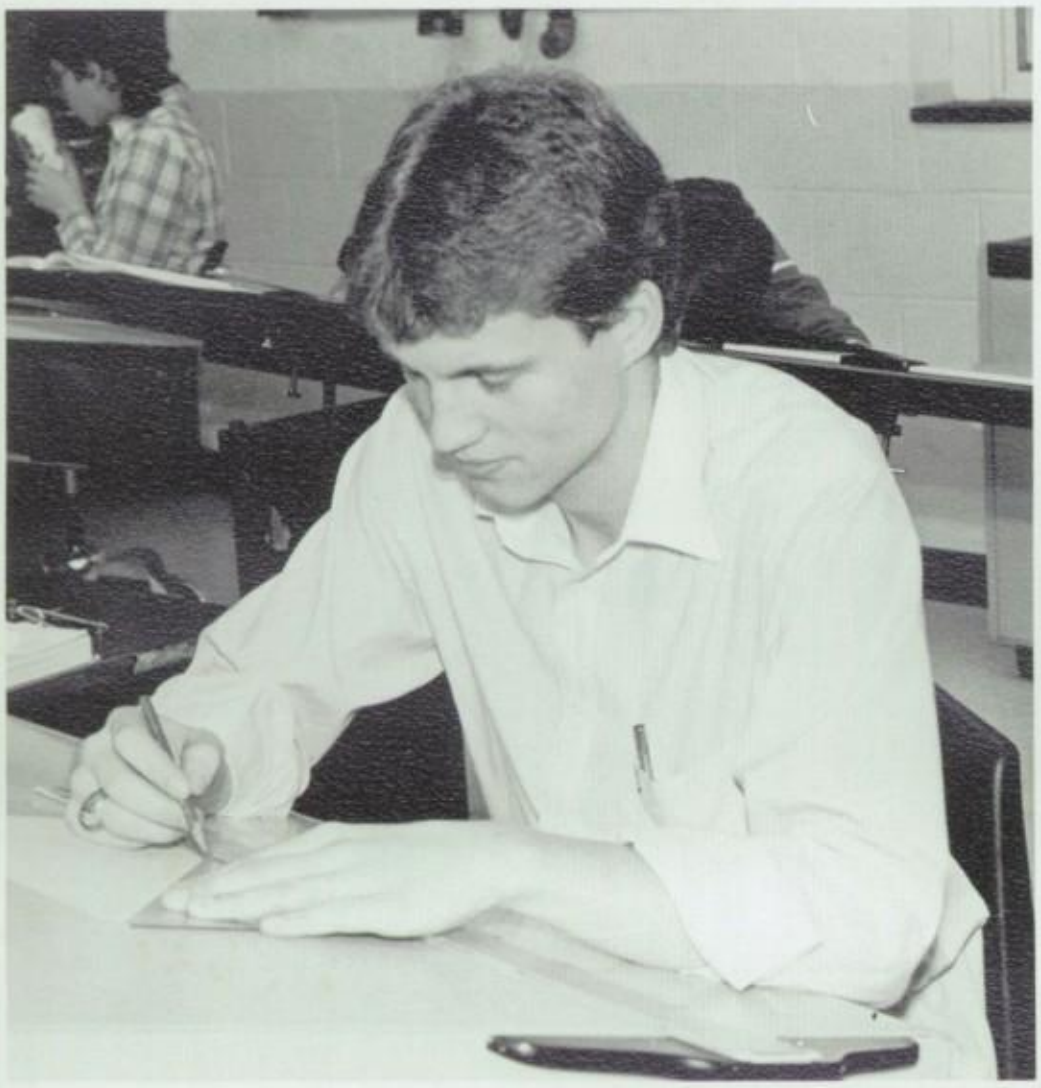
Draftsmen Of Tomorrow



It's back to the drawing board for Tony Williams.

Drafting

Drafting, an industrial arts course, is to advance the student's ability in geometric development and layout, and to teach the practical application of geometry, algebra, and trigonometry to the solutions of engineering problems. Students completing this four year course are able to enter into a technical career.

Lighting Up The Future

Electric

The knowledge acquired in the electric shop provides students with the skills needed to service electrical equipment. When the students graduate they will have the experience needed for the various uses of electricity such as house wiring, motor rewiring, wiring bell circuits, and repairing electrical devices and appliances. Skills acquired in electric shop will enable the students to establish themselves in the electronic field.

General Metals

General Metals is equipped with tools and machines which are used in sheet metal shops. The skills these students learn will be very valuable to them in their future careers. The three year course is designed to help students explore career alternatives. There are morning and afternoon shops for all students. The shop skills they learned this year will be very helpful to them in the future.

Power Mechanics

Power Mechanics is a course designed especially for students interested in gasoline engines, basic high and low voltage wiring, and arc welding. Power Mechanics students are required to complete various projects such as lawn mower tuneups or lighting and bell circuits. Students completing this course receive the opportunity to learn a skill they can put to good use after graduation.

Visual Communications Serves School Needs

Print

Without the print shop, the district would lose its visual communications. The district newsletter is printed by the students in the print shop, they also print the faculty directory and the tickets for games. This shop is responsible for all the printed programs as well as programs for the musical, *Carnival;* baccalaureate; and commencement. The shop is constantly looking toward the future to make certain its graduates are ready for the twenty-first century.

Welding

Welding students provide important services for the school. This past year they have repaired desks and cafeteria equipment. They have built and installed doors for the shop storage areas, and have built work tables for other shops.

Welding provides instruction in various methods of welding such as oxy-fuel and arc welding. They also gain knowledge of the welding properties of the metals and alloys with which they may be required to work. Intelligence, good eyesight, and patience are the tradesmark of a good welder.

Woodshop Carves Into The Future

Wood

The woodshop is equipped with power machines very much like those found in a cabinet-making shop or planning mill. The woodshop students are taught to operate practically every one of these machines. Each day the woodshop students work on handcrafted furniture which is very valuable and very much in demand. Woodshop students must have a lot of patience, skill, and time to create such beautiful items. Students completing this course learn a valuable skill as well as the proper conduct required for any occupation.

Leading The Way — The

The Girls Are All Smiles As They Pose For Their Portraits

The magnificent band front led the band to a successful season. The theory that success of any group lies in the quality of their leadership was provided by Guard Major, Sue Zajdel; Silk Captain, Michele Mekis; Silk Co-Captain, Danielle Singer; Rifle Captain, Judy Vasilko; Rifle Co-Captain, Karen Bunn; and Majorette Captains, Kelly Dunn and Debbie Smith. With the demands placed on these girls and the talent the girls already possessed, their squads developed a dazzling show that awed the audience. Their performances were in band competitions, football games, and parades. They proved to be vitally important to the success of the band. Without the band front, there would be no one to lead the Trojan Band to victory.

Who We Are And Why

The Trojan Marching Band, rich with tradition, possessed with pride, unsurpased with spirit, has been striving for excellence for over three quarters of a century. From past to present, the directors of the band have maintained these qualities.

Ralph Wright initiated the band into state marching and concert competition from the early 1900's until 1933.

Charles Aikey reigned as director until 1962. His belief was that morale, team work, and uniform appearance cost nothing, but make the difference between a good band and an excellent one. His innovative technique made the band into a highly respected organization. He said, "A band, first of all, is a music organization, and is not a good band until it can produce good, solid music. A marching band is dependent upon the playing band, never vice-versa." He was the first school band director in the state to use flag twirlers and one of the first in the country to stage night drills with lights attached to the uniforms. The band's responsibilities to the community increased significantly while Aikey was band director. The band continued to play for games, parades, and concerts but felt the effects of the society and times. They played for anti-Communist rallies at the Roxbury Band Shell and collected scrap metal for the war. The Trojan Band continued to attend and win in state American region events. Aikey's ideas were challenged in 1955 when the community wanted majorettes to join the ranks of the band. He opposed this because he felt that they would cheapen the band's appearance and take away from the military style. Charles Aikey finally resigned as band director in 1962 to become music supervisor for the district.

Even though majorettes were added, the military appearance was still maintained by William Tepper. The band performed the marching styles that were common in the 1960's. The community added its support to the band by helping to finance their trip to the New York's World Fair in 1965. This was the first major trip that the band had taken.

The marching band continued to grow from the late 1960's to 1981 during the years that W. Glen Edwards directed. With emphasis still on playing, equal importance in the visual effects of the band were also stressed. The addition of silks and rifles made the coordination of these elements more challenging. The football half-time routines became more elaborate and involved. The band had developed the corps style of marching. Edwards had taken the band from just playing at football games into performing in field competition. The band was very successful in the late 1970's as they took several trips which included the Mardi Gras in New Orleans, then Colorado, and Canada.

The exposure and recognition of the band continued when Richard Gardenhour became director in 1981. The corps style of marching is still performed and the size of the band grew with the addition of the ninth grade. As a well-respected band director by his students and the colleges, he had taken the responsibility of hosting Johnstown High School's first field competition. The Band Boosters, Mr. Gardenhour, band members, and businesses around town sold *Trifles*, a trivia game about Johnstown. Richard Gardenhour had taken the band to numerous out-of-state competitions such as Tennesse's World Fair, Canada, and Virginia Beach. This is the first year he separated the band trip, which was to New York, to only seniors.

Majorettes Twirl To Victory

The majorettes practiced throughout the summer months to create a fantastic field show. Their winning smiles brought them a "Best Majorette" Award at band championships in Ripley, West Virginia. Also, along with the silks and rifles, they captured two "Best Band Front" awards in Tyrone and Shade. Their success continued into winter contests where they placed first at Shade, second at Latrobe, and placed in the top half of the War Memorial contest. Lasting bonds of friendship were formed during the year. Parties were given where food fights and water battles were quite evident afterwards. The squad attributes their success to their positive attitude and unity in friendship and spirit. That success continued throughout the year.

The Echo Of Sweet Songs.

The concert choir consists of girls from 11th and 12th grades and boys from 10th to 12th grades. The students audition and the most talented ones are chosen by the choir director, Mr. Carl Miller. The concert choir participates in several activities throughout the school year. The principal activities include the annual Christmas and Spring concerts. The choir has also visited various churches and the Rehabilitation Center during Christmas where they amazed their audiences with sweet sounds of song.

The concert choir has a repertoire consisting of various religious songs, black spirituals, and a few popular tunes. The concert choir has always amazed the school with their combined vocal effort.

A Touch Of Jazz

Jazz Rock Ensemble is a select group of students from the mixed chorus who are chosen because of their ability to harmonize well in a small group. The students in this group range between grades tenth through twelfth. This ensemble performs upbeat pieces at both concerts and various other functions where a small group is needed. Different music selections of the group include ones such as "God Bless the Child" made famous by Billy Holiday, and Manhatten Transfer's "How High the Moon" with a solo by Lori Butler and a "scat" quartet of Debbie Sax, Christi McCune, Kevin Scholtz, and Alvin McCray. The jazz rock ensemble provided the pulse for the chourses.

The members of district chorus are as follows: Lori Butler, Kevin Scholtz, Ruth Burger, Keith Rozich, Christi McCune, Lewis Jackson, and Debbie Sax.

Louis Jackson as Schlegel.

The carnival is a joy for boys and girls of all ages. The musical *Carnival* was performed in the J.H.S. auditorium Wednesday, April 23; Thursday, April 24; Friday, April 25; and Saturday, April 26. The auditorium was packed every night.

The cast practiced after school for one month before the performance. Two weeks prior to the show, the cast practiced from 6:30 until 10:00 PM, and they had two dress rehearsals.

The pit orchestra practiced with the cast to make the show an award-winning musical.

Five students also did the make-up: Missy Jones, Marci Romani, Paige Baker, Sally Alwine, and Missy Klirte.

The stage crew did an excellent job building and painting the props.

Pam Wood, Kathy Panasci, Mary Cunkleman, and Aaron Lewis join in a chorus.

The Class Of 1986 Is The Pride Of Johnstown High School

The senior members of the band, cheerleading squad, and football team were honored on Senior Night. The students were honored not only for the completion of twelve years of schooling, but also for their participation in extracurricular activities.

School was like a second home for most seniors, so many of them became involved in extracurricular activities. Sports and clubs are a wonderful way to meet people with similar likes, dislikes, and interests.

Some of the students pictured above were honored for their activity and hard work. Others were photographed spending time with friends and enjoying themselves at home away from home.

Homecoming Night Will Never Be Forgotten

Congratulations from last years' queen, Tracy Gahagan.

Throughout the four years known as high school the most important year seems to be the senior year. Among all the activities, homecoming night is one of the most exciting. This is the night of great expectation for the seven girls on the homecoming court. This year the senior class chose Michele Mekis to be the queen. The rest of the court was as follows: Brenda Berkey, Liz McLaughlin, Marcy McCreary, Judy Vasilko, Kathy Flynn and Phyllis Demo. The queen and her court truly reflected the tradition and pride of Johnstown High School.

The Court Of King David

Senior night is the night when the senior king is crowned. The main question was, "who won?," "who would be the class king of 1986?" Those few moments seemed like hours, and finally the anxious crowd was to behold the new king, Dave Bonner. The rest of his handsome court were as follows: Nick Canarr, John Hoffman, Raji Walker, Dave Dabbs, and Tom Walter. All of these gentlemen were chosen by the senior class, and they prove that tradition is still an important part of Johnstown High.

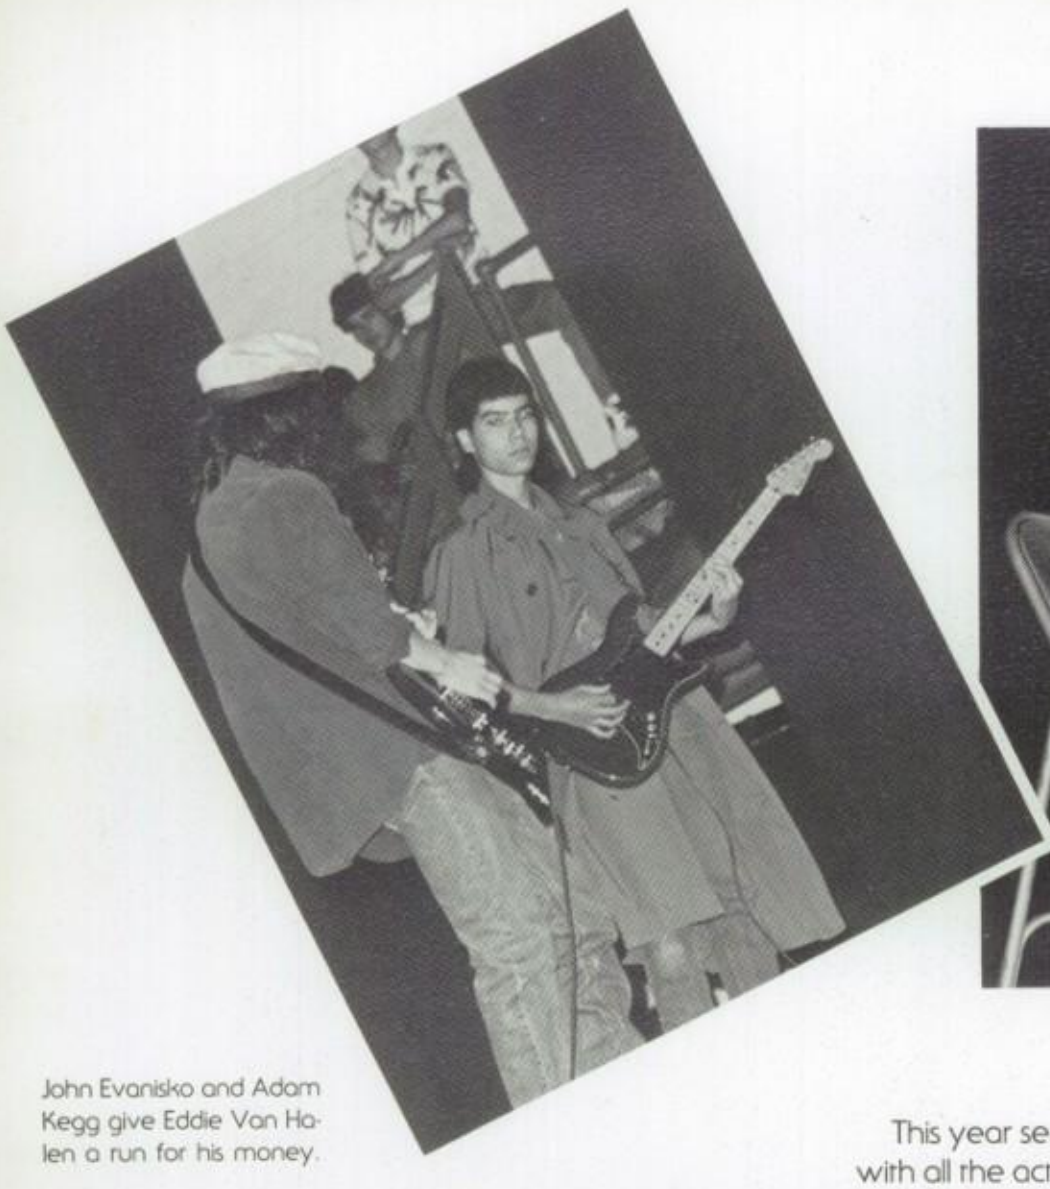
Our Senior Assembly

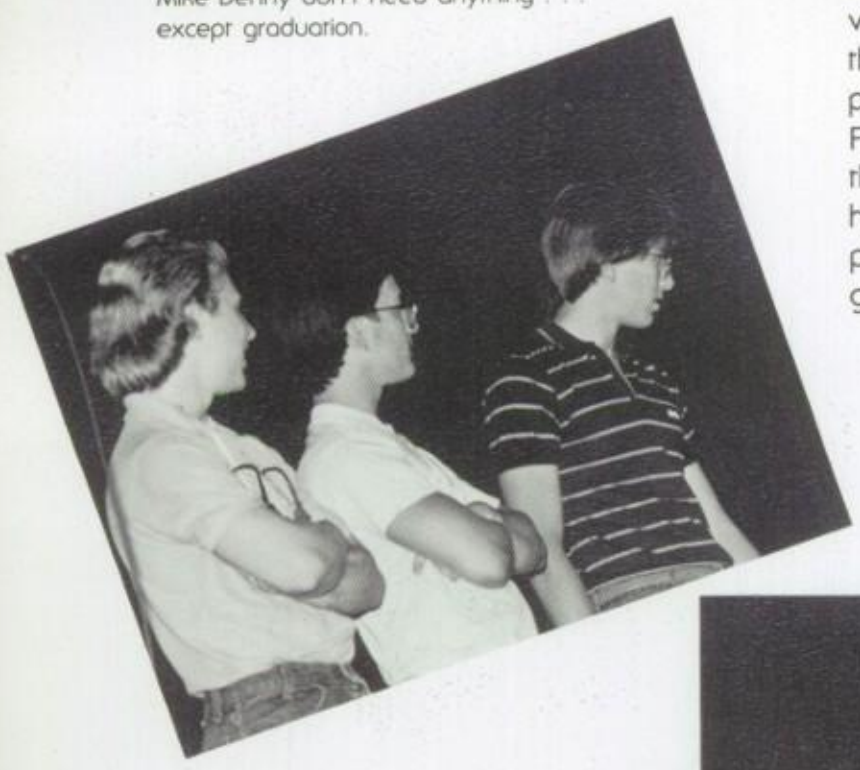


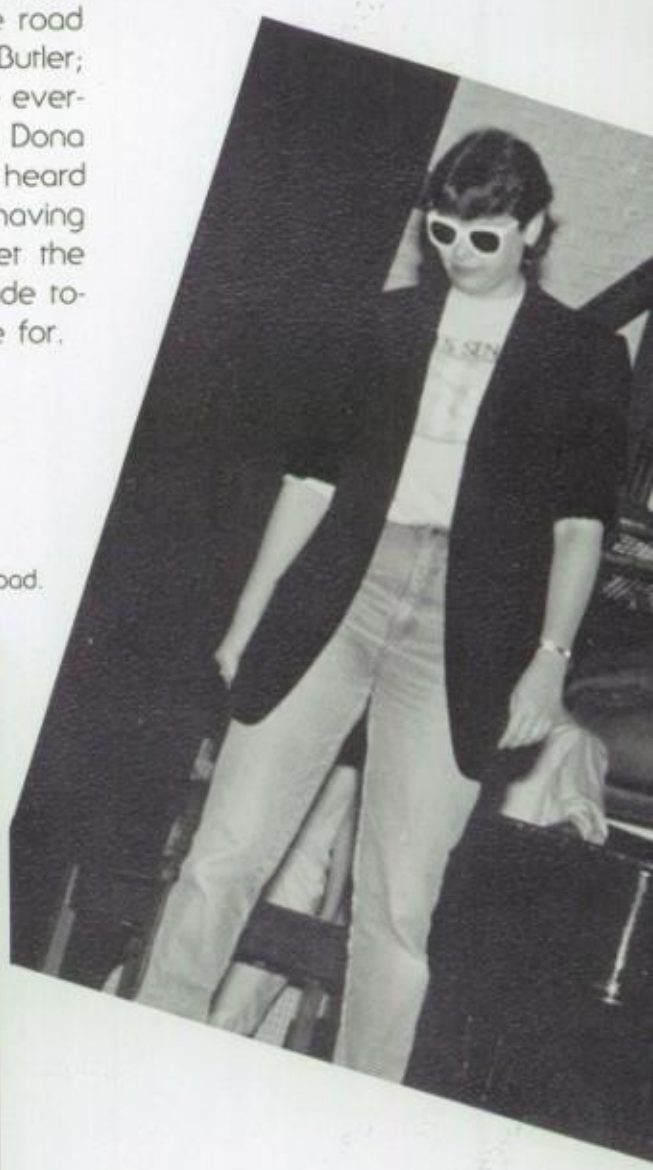
John Evanisko and Adam Kegg give Eddie Van Halen a run for his money.

Stacy White shares her bus seat with some interesting characters.

This year seemed to go by quickly for us, but with all the activites, none are as exciting as the end of the year assemblies. We will look back at these pages and remember the Senior Assembly with the guitar wizardry of Adam Kegg and John Evanisko; the humorous bus ride with Stacy White; the jerkyness of the Jerks; the Clueless; Soul Men; easin' on down the road with Vocal Jazz; the lovely song by Lori Butler; the Srage Band Kids; and of course, the ever-popular emcees, Dave Mastovich and Dona Flynn. And along with the tradition, we heard the Senior Will that Sandy read before having her face pied. No one will ever forget the people and the memories that we made together; after all, that's what friends are for.

Mike Tomechak, Dave Mastovich and Mike Denny don't need anything . . . except graduation.





Dona Flynn proves that bad IS bad.

The Soul MEN ? Not Really, it's just Kelly Dunn, Liz McLaughlin, Kathy Flynn, Deana Filia, and Phyllis Demo doing an imitation of the Blues Brothers.

A Time To Reflect.

Baccalaureate is the assembly held for the graduating class. We are one of the few schools which still celebrate this tradition. It is a special moment in the seniors' lives where they reflect back on their younger years and think ahead to the future.

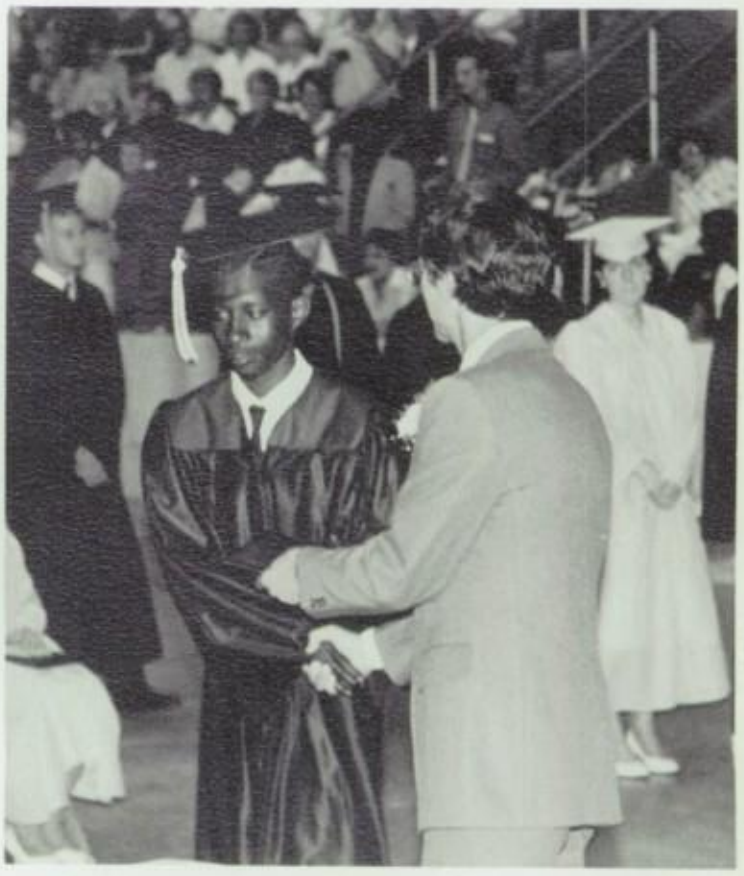
Two Hundred Eighty-Six Graduate From War Memorial Arena

On May 30, 1986 the long-awaited graduation ceremony finally arrived. Family members, students, teachers, and friends filled the War Memorial Arena to watch the class of 1986 graduate.

The ceremony lasted approximately one hour. Lori Butler and William Haslett added to the beauty of the ceremony by singing. Lori sang, "The Lord's Prayer" and William sang, "I Will Never Pass This Way Again".

The graduates received their diploma covers from the school board members and Mr. Irwin. After the ceremony, they picked up their diplomas in the concourse of the War Memorial.

Eric Brown and Matt Gost relax after the commencement exercises.



Arthur Cox receives his diploma cover.

These students were chosen from the 129 students listed on the Who's Who ballot. The seniors voted and the majority found these students to best fit the categories listed. The special qualities of these students make the class of 1986 unique.

Ramona Morris was extremely accurate in her assigned work for the *Centralizer*.

Tracy Raymond discussed the printout with the editor, Ann Marie Cynar.

Extra, Extra, Read All About It

Most schools are filled with many activities, and Johnstown High was no exception. The school newspaper covered the daily activities involving members of the student body. The *Trojan Centralizer* staff consisted of approximately 20 students that worked during the sixth and seventh periods in room 10 or the basement home of journalism. Mrs. Hnatkovich, English Chairman and newspaper adviser, headed the staff.

This year, five major editions of the *Trojan Centralizer* were published, each having 10 to 12 pages filled with news. The newspapers were sold in every homeroom at the price of 40¢ per paper. Each issue was filled with editorials, articles of school happenings, music and sports news, 9th to 12th grade gossip, happy ads, advertisements, cartoons, and, the most popular section, school candids.

Months Of Hard Work Finally Pay Off

Everyone knows that putting a yearbook together is no easy task. All the advisors and every member of the staff deserve special recognition.

Miss Jane Robinson, the yearbook advisor, worked on the yearbook over holidays and summer vacation. Even though she graduated years ago, she cared about the 1986 *Spectator* as if it were her own. Miss Wanda Keller spent hours of her own free time supervising the patron drive. She alphabetized all the patrons and counted all the money. The patron drive was a success mainly because of her. The addition of a darkroom required the assistance of an advisor. Mr. Henry Streilein taught the photographers everything they needed to know about picture taking. He taught them to process negatives, print pictures, and enlarge them. He also made sure there were adequate supplies for printing the pictures. All of the darkroom procedures were supervised by him. I would like to thank the advisors for all of their hard work and dedication.

The assistant editors, Teri Ozog and Robin Crawley, deserve a very special thank-you for all the hard work they did this year. They worked for hours whenever no one else was around. Whenever I would take pages home to finish, they were always there to help if I needed them. Even if they were busy with other activities, they always had time for me. They are the best friends anyone could ever ask for, and the two best assistant editors we will ever have.

Dave Orosz, the sports editor, had one of the toughest jobs on the staff. Dave carefully observed and reported all the interesting details of every sport in which J.H.S. competed this year. This was a tiresome, endlesss job but he did it with great indurance. His knowledge of sports and keen eye for detail helped him to create an incredibly interesting sports section.

Johnstown High School Is An Equal Opportunity Employer

Sandy Adkins and Mike Camut worked together on the band and other music pages. This was a very difficult section of the book. They were both new on the staff, but they caught on quickly and performed their tasks well. Mike wrote very interesting copy about the history of the band this year. It took a long time to research and was hard work, but the quality of the page proved that it was worth it.

Stephanie Owens and Pam Petak worked on the faculty section, secretarial staff, and maintenance crew pages. Since they are both advanced art students, their artistic abilities added to the quality and creativity of every page they did. The caricatures of the teachers, drawn by Stephanie Owens, made the faculty section unlike any other yearbook pages.

Liz McLaughlin and Michele Sivi did the senior index. They had to keep track of every senior pictured in the yearbook. Because there were one hundred ninety-six pages to count, this was a very difficult job. Each time a new page was added, they checked it and made sure each senior was recorded in the index. Liz was a member of the staff for three years. She taught Michele, a new member of the staff, everything she needed to know.

Amy Sinoply, a new member of the staff, did an excellent job on the pages she was assigned. Although she was a new staff member, she caught on quickly and did a fabulous job. She was quick, eager, and very helpful. Amy was a very valuable asset to the 1986 staff.

Beckie Lill joined the staff during the second semester of the year. She worked extra hard typing copy for everyone. She was one of the busiest members of the staff because she was the only typist. There was always typing piled up to be done, and she always finished it quickly.

Sue Goggin worked on a few club pages and the year in review. She recorded all of the important events of 1986 by clipping newspaper articles. With Robin Crawley's help, she created two very unique pages. Her game card idea for the year in review was very interesting and ended the book with a touch of class.

Kelly Dunn, Michele Wise, and Paula Tkac were three new senior members of the staff. The other staff members taught them about layout and copy. They each worked on different club pages. Kelly helped do the majorette page by writing the copy. Michele helped Mike Camut and Sandy Adkins with some of the music pages. The girls also helped the other staff members whenever they could.

Dave Brazill helped the staff by running errands. He was quite busy when ads were being sold. He took receipts to the patrons. He also ran many errands for Miss Robinson.

Ann Delborgo will be the 1987 editor-in-chief. She worked very hard this year on the junior section and vocational pages. I wish her the best of luck with her yearbook and hope she does a great job.

Antoinette Raich helped Ann Delborgo with the junior section and vocational pages. She is a very hard worker and will be very helpful next year.

Lynn Repko will also remain on the staff next year. She did a great job on the cheerleading page and all the club pages she did. She took pictures at dances and assemblies, and helped develop them. She will be a very valuable member of the 1987 yearbook staff.

Sara Wilcox went to the Jostens summer yearbook workshop with me. We had a great time, and also learned many skills which helped us in the creation of the 1986 *Spectator*.

Thanks Everyone!

If an image of yourself falls upon the water,
Let the reflection rise up and soak your thoughts.
Let it take you back to the best of times,
When the water reflected the face of a friend.
